FLORIDA IN GRIP OF A HURRICANE

Feared Great Damage Has Been Wrought Between Tampa and Keys.

STORM SWEEPING UP COAST

Key West Cut Off From Entire World —Wind Blowing at Velocity of 80 Miles an Hour—Fear Soldiers Are Lost.

Tampa, Fla., Oct. 17.—With communication with all points south of here cut off, wireless stations out of commission and the increasing danger of the interruption with communication with the entire world, Tampa and all that territory between Tampa and the Florida Keys is being swept tonight.

It is impossible at this hour to estimate the danger. In Tampa up to 11 o'clock the damage is confined to the stripping of signs from their moorings, ripping off tin roofs, blowing down of telephone and electric wires and minor damages to shipping.

With a steady gale blowing now at the rate of 50 miles an hour and increasing in intensity every moment, the tide in the bay is lower than the "old bridge tender" can remember ever having seen it before.

Many small crafts anchored in the vicinity of the Tampa Bay Hotel are stranded and a few pleasure crafts are more or less damaged. The storm has blown the water out of the bay, causing a tide at least seven feet below low water.

Chief alarm is felt in the damage to fruit and truck south of Tampa. Indications at a late hour are that the storm will pass a little to the south of Tampa, it is probable it will spend itself somewhere in the Everglades.

Grave fears are entertained for the safety of 46 members of the Plant City Artillery, who are encamped at Egmont Key. The company landed there this afternoon and when the tents were pitched the wind immediately blew them down. Considerable fear is also entertained for residents at Passe-A-Grille, a year-round resort on the bay. There are at least 50 persons there and it is believed they will feel the full force of the disturbance.

It is feared the schooner Braos, which sailed several days ago is lost as no tidings of her have been received. She was bound for Cuban ports lumber laden.

Untold damage is being done to the oranges, which gave promise of a bumper crop.

Water Dashes Over Sea Wall.

St. Augustine, Fla., Oct. 17.—At 9 o'clock tonight waves were dashed over the sea wall here, flooding the streets on the waterfront and inundating the marshes and low lands. At that hour a heavy sea was running in the low bay, swamping small crafts.

At this hour no serious damage had been done here, but the velocity of the wind is constantly increasing. Thus far no lives have been reported lost.

Last reports received here indicated that the situation along the Florida East Coast Railroad was hourly growing worse, but the workmen were given warning early of the approach of the hurricane. Several barges of the roads extension have been sunk and three miles of roadway were washed out south of Jupiter.

The last message received from Key West, early tonight reported a wind velocity of 90 miles an hour.

Early Story From Tampa.

Tampa, Fla., Oct. 17.—9.30 P. M. The storm is increasing in intensity in this vicinity, the wind having attained a velocity of 45 miles an hour.

Efforts to communicate with Key West since early tonight have been fruitless. Wireless stations are out of commission and the telegraph companies report that not a wire is working south of Tampa.

At 8 o'clock the General Timothy Pickering, a Government supply boat for Fort Dade, and Desota, returned to the city, unable to finish discharging its cargo on account of the exceedingly heavy seas. The Pickering reports a number of small sailing boats strugglingaainst the wind.

The Mallory Line Alamo started out late this afternoon, but encountered such heavy seas and high winds that she returned.

The Pickering brought news to the city of the wrecking of the tents of the Plant City first company artillery of the Florida State Guard, encamped at Egmont Key with two companies of United States coast artillery.

It is believed that the men are on the island tonight with little or no shelter. It is impossible to send aid tonight.

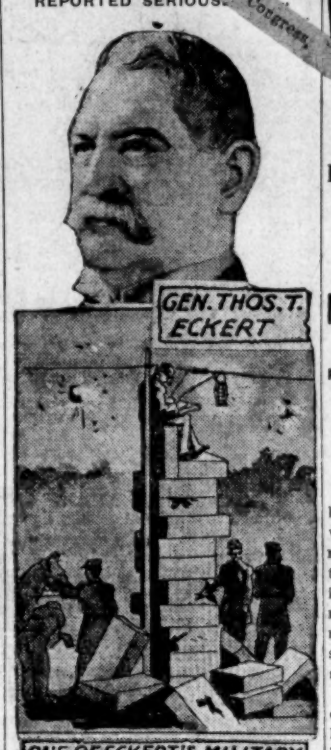
Warning Along Coast.

Washinton, Oct. 17.—The following special huricane bulletin was issued by the Weather Bureau here tonight:

"The hurricane which passed over Havana this morning, has moved northward during the day, the centre having apparently passed close to and west of Key West, where a maximum wind of 72 miles per hour was reported before the wind gauge was carried

(Continued on Page Eight.)

REPORTED SERIOUS...



ONE OF ECKERT'S MILITARY TELEGRAPHERS AT WORK

Long Branch, N. J., Oct. 17.—General Thomas Thompson Eckert, for several years president of the Western Union Telegraph company, is seriously ill at his home in Ocean avenue. He has been in failing health for some time and for the last few weeks has been unable to leave his room. General Eckert was born at St. Clairsville, Ohio, in 1824 and at an early age took up telegraphy. At the outbreak of the Civil War he had charge of the military telegraph of the ArmyA of the Potomac and eventually became head of the entire military system. In 1893 he was made president and general manager of the Western Union and retained that place until 1902, when he retired and was succeeded by Colonel Robert C. Clowry of Chicago.

ANNOUNCE FAILURE OF CONE

Former Member of Greensboro Spot Cotton Firm Unable to Meet Obligations.—Recently Attempted to Kill Self.

New York, Oct. 17.—On the cotton exchange today notice was posted by order of the supervisory committee of the exchange, the failure of Solomon Cone,of Greensboro, to meet his obligations has been announced. Cone was formerly a member of the firm of Cone & Hedgpeth, of Greensboro. He has been a member of the cotton exchange since 1901. The announcement of the failure had no effect on the cotton market.

Story From Greensboro.

Greensboro, N. C., October 17.—Solomon N. Cone, whose failure to meet obligations was posted on the New York Cotton Exchange, today, has been operating independently since July 1st.

He is now in a local hospital as a result of an attempt to commit suicide a week ago. Members of his family say $100,000 will square all outstanding accounts.

The announcement to the effect that the insolvency of Solomon N. Cone had been posted upon the floor of the New York Cotton Exchange occasioned little surprise here. It also had the effect of clearing the mysterious circumstances surrounding the events of a week ago, when he was found in his apartments by his valet, in an unconscious condition as a result of a bullet wound in the head.

It has generally been understood that his condition was the result of an attempt to take his own life. At the hospital it was stated tonight that he would be able to leave within a few days.

Mr. Cone had operated here during the past two months independently. It was stated that his liabilities would not exceed his assets by more than $100,000.

He retired from the spot cotton firm of Cone & Hedgpeth on July 1st.

It is stated that no local concerns will be affected by his embarrassment, his operations having been confined entirely to New York houses.

COTTON BILLS CONTROVERSY.

Sir Holden Announces That Foreign Bankers Will Extend Time.

New York, Oct. 17.—An extension from Oct. 31st to December 31st, of the period during which American cotton bills of lading will be accepted in current terms by foreign banks was announced here tonight by Sir Edward H. Holden, the English banker, who came to this country for the British and Continental interests. This course was recommended to the foreign bankers by Sir Edawrd and following the receipt of cable advices from London authorizing him to act, he issued a formal statement. This is the first fruit of a series of conferences Sir Edward has held here for the last week.

WELLMAN AIRSHIP LOST TO WIRELESS

Liners Unable to Communicate With Dirigible on Trip Across Sea.

NEWS ANXIOUSLY AWAITED

Five Ships Unable to Pick Her Up by Wireless During Day.—Manager Says He Has Abandoned the Trip Across.

Siasconsa, Mass., Oct. 1.—Five westbound Atlantic liners, all in touch with each other and all anxious for news of Walter Wellman, reported to the wireless station here at various intervals today that they had seen nothing and heard nothing, either directly or indirectly of his dirigible airship America, and her crew of six—seven if the mascot kitten is counted.

The first ship to call the operator constantly on duty here was the Finland, then 110 miles east of Nantucket at 5:05. The Ryndam, the Niagra and finally the Kron Prinz Wilhelm for New York. Not a word had they heard.

All five ships have sent out the prearranged call, "W." at frequent intervals, but no word out of the silence had come back to any of them.

Just before the America drifted out of touch with the world, her wireless operator warned the station here that juice was precious." The gasoline motors were not then running and he was depending for his sending spark on the reserve supply in the storage batteries. If the America were still running before the wind with power shut off, it was therefore thought here today that she might be husbanding her strength for a crucial need.

Atlantic City, N. J., Oct. 17.—News is being anxiously awaited here tonight by the families and friends of men aboard the America as to whether they will attempt a dash for Europe or return to this city ahead of the easterly wind now prevailing. Leroy Chamberlain, son-in-law and Secretary-Manager for Walter Wellman, stated tonight that so far as he can learn, the America is now somewhere south-southeast of St. Pierre. He declared his belief that Wellman and his party would decide before daylight whether to attempt a desperate trip over the ocean or return to America.

RUNAWAYS IN RALEIGH.

Mr. I. M. Deaton Painfully Injured—Three Others Slightly Hurt.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 17.—I. M. Deaton, chief deputy internal revenue collector for the Eastern district, is at his home unconscious from the effects of being thrown from his buggy yesterday evening. He was riding with Capt. R. H. Jones, on Hillsboro street, when a wheel ran off the vehicle throwing both men out. The back of Mr. Deaton's head struck the street car track. There appears to be no fracture, but the concussion was terrific, causing bleeding at the ear and his eyes to turn black. He was somewhat conscious at intervals during the night. His condition continued critical during today, making it impossible for the physicians to make the searching examination as to the exact character of the injuries. Capt. Jones was not injured. The horse ran and demolished the buggy. While the crowd was gathered about the scene of the accident Mr. M. A. Moser, a contractor here, drove up in a carriage with his family and a negro driving a mule team from the opposite direction struck his carriage and overturned it, throwing all the occupants into the street. Bystanders seized the horses before they had time to start on a run. None of the family were injured.

Another serious runaway Sunday evening was that of Henry Carver. His buggy horse became frightened at an automobile, ran, making a sharp turn that threw Mr. Carver out terribly wrenching his ankle and inflicting other injuries very painful but not considered dangerous.

MR. J. F. L. ARMFIELD DEAD.

Fayetteville and East Carolina Loses Another Valuable Citizen.

(Special Star Correspondence.)

Fayetteville, N. C., Oct. 17.—Following an operation for acute appendicitis, at St. Luke's Hospital, Thursday night, Mr. J. F. L. Armfield, one of Fayettesville's leading citizens, passed away Sunday morning at 4 o'clock, aged 52, the immediate cause of his death being Bright's disease, with which he had suffered for many years. The funeral was held this afternoon and many prominent men from all parts of the State were here to attend the obsequies. Mr. Armfield is survived by his third wife, who with a little daughter survives; also two sons by the first marriage, Messrs. M. D. and Dennis Armfield, and three sisters and three brothers. He was a cousin of Gen. Armfield, of Statesville, who died the past week. Mr. Armfield was a business man of rare ability and came here from Mr. Airy. He was at the head of the Armfield Co., large wholesale grocers, a director of the Fourth National Bank, and was one of the chief promoters and first president of the V. & C. S. railroad, Hope Mills to Lumberton and now building to Elizabetatown.

CUBA IS HARD HIT BY SEVERE STORM

Island Sustained Greatest Material Disaster in All Her History.

HAVANA PARTLY UNDER WATER

Hundreds Rescued in Submerged Districts From Buildings That Threatened to Collapse—Probably Lives Lost.

Havana, Oct. 17.—The island of Cuba has probably sustained the greatest material disaster in all her history in the practically continuous cyclone which began with light rains on Thursday morning, developing into torrential floods and devastating hurricanes and continuing until this evening. The western half of the island suffered more severely than the east.

The first cyclone, of which there was some warning, had hardly abated on Sunday night when suddenly the cyclonic blasts swept over Matanzas, Pinar Del Rio and Havana provinces, completing the destruction wrought by the first storm.

At 9 o'clock tonight the rain was still falling in frequent heavy gusts but the wind had abated considerably and the sea was falling.

It is impossible to estimate even roughly the amount of the damage, which doubtless will aggregate many millions of dollars. In addition to the great destruction to sugar and tobacco plantations, many, thousands of peasants in the three western provinces have been rendered homeless and destitute by the loss of their homes nd the food crops.

It now seems probable that the Republic may be compelled to request international aid for the relief of these sufferers whose condition is most deplorable.

In the city of Havana the losses probably will exceed a million dollars.

Few fatalities up to the present have been reported. Three men were drowned in the harbor, but no deaths from the storm occurred in the city. It is probable, however, that the casualty list in the interior will be large.

For hours during the night and all through this morning, Cuba was in the grip of a storm which blew up with great violence from the southwest and ttained its greatest force shortly before noon. Then the wind shifted to the west and the sea began to rise the waves sweeping in upon the city. Within an hour the pounding of the waters had broken a breach through the Malecon sea wall. The waves quickly increased in mountainous height engulfing the Malecon driveway and flooding the handsome residences facing thereon for a distance of a mile.

The waters, still rising, invaded all the seaward part of the city, until 3 o'clock in the afternoon when the section bounded by the Malecon, the Prado and the Boulevards Calzada de Galiano and Animas were several feet under water. The residents of the lower floors were driven to seek refuge on higher levels while hundreds were rescued in the submerged districts from buildings that threatened to collapse at any moment.

Vedado, a residential suburb, was exposed to the full fury of the storm. The seat advanced some hundred yards inland, demolishing many small structures and probably causing loss of life.

The upper part of the Prado was hen filled with throngs of panic-stricken negroes carrying such household effects as they could rescue from their own homes.

The jail, at the foot of the Prado, was completely surrounded by water, and the prisoners, mad with fear, clung to the barred windows clamorously demanding to be removed to a place of safety. Armed guards held them in check until the waters began to recede.

At the height of the storm, the great waves beached clean over the ramparts of Morro Castle. They rolled with terrific speed up the harbor, tumbling over the sea walls, inundating the streets in the lower part of the city, carrying away many of the small craft along the shores and swamping many lighters which escaped the blow during the earlier hours. All the steamers in the harbor remained at anchor.

At 3:30 o'clock the rain ceased, but the wind remained strong from the northwest. The barometer stood at 29.23, having risen eight-tenths of an inch in two hours, giving rise to the hope that the worst was over.

Practically all communications with the interior were leveled, but no doubt the damage was enormous, especially in Havana and Pinar del Rio provinces. The Almendares river and other small streams in the vicinity of this city are over their banks, flooding the lowlands and carrying off huts, barns and cattle. Probably many people lost their lives in these sections.

The barge containing all the outfit of the divers working on the wreck of the old battleship Maine was carried away and stranded on the rocks of Morro Castle. Later the soldiers of the fortress succeeded in saving considerable of the apparatus.

President Gomez visited the inundated sections adn directed the work of rescue.

The Strike In France Now Happily Ended

BALLOONS IN RACE FOR CUP

Fifth Annual International Contest Begun Yesterday.—Large Number Sailed from St. Louis.—Gordon Bennett Event.

St. Louis, October 17.—The fifth annual balloon race, for the James Gordon Bennett cup and $4,750 in three prizes, was started late today when ten large aerostats, representing four countries of Europe and America, ascended to the plaudits of thousands of spectators. The balloons sailed toward the north and northwest, and were out of sight within a few minutes after the words "let go," were given by the pilots.

Under ideal atmospheric conditions, amply provisioned for 50 hours or more in the air, and ballasted with the utmost care, the balloons rose gracefully and sped away. There was not a hitch in the arrangements, though the Harburg III, of Germany, Lieutenant Vogt, pilot, got a false start, and the Aeronautic Population Club, of St. Louis. S. Louis Von Paul, pilot, narrowly missed colliding with a grandstand.

The balloons were released at intervals varying from one minute to twenty minutes.

President Cortlandt Field Bishop, of the Aero Club of America, was in direct charge of the contest. The race is for distance, which is to be air line measurement from St. Louis, the winner will receive the James Gordon Bennett cup and $2,000. The second and third prizes are $1,500 and $1,250.

Under the rules, a landing is made if the basket touches the ground, on the drag rope becomes entangled in trees, or trails along the ground for more than 15 minutes, or if the balloon descends in fresh water. If a balloon descends in salt water it is disqualified.

The wind, when the race started, was blowing eight miles an hour. Weather Observer Hayes expects the balloons to take a northeasterly course after they have reached the higher altitudes.

All of the balloons were well equipped for remaining in the air many hours. Oxygen tanks were in each basket for use in high altitudes.

The French entrants took champagne and whiskey in their supplies of drinks. The Germans placed beer and sausage in their baskets. They also took wine and chocolate. Most of the balloonists took fruit with them. Apples, oranges and grapefruit were prominent in the food boxes.

E. Messner, a Swiss pilot, will depend on cold tea to quench his thirst.

H. E. Honeywell will cook his meals by slacking lime. He has been able heretofore to boil coffee and fry eggs in this manner. His stove consists of a bucket with a pan on top.

Hans Gericke took a revolver with him. He said he expected to shoot game if he landed in a wooded part of the country. Honeywell carried a rifle to be used, he said, to scare persons who attempt to hold his drag rope and thus force him to make a landing. The Million Club basket carried a full cage of homing pigeons. Captain Messner expects to sleep while in the air. The Azurea is fitted with a wicker couch.

"AT ONE FELL BLOW."

Dr. Faison Annihilates Geo. Butler at Jacksonville, N. C.

(Special Star Telegram.)

Jacksonville, N. C., Oct. 17.—The Fall term of Superior Court convened here today, Judge H. W. Whedbee presiding. Perhaps there has never assembled here a larger crowd than seen today. At the noon hour, Dr. John M. Faison, candidate for Congress from the third district, met Geo. E. Butler, the Republican candidate, in joint debate, and at one fell blow, laid waste the Republican camp in Onslow. Men on every hand declare their intention to be on hand on election day and to forever put an end to Butlerism in North Carolina. Faison will win by an increased majority.

BOMB OUTRAGES MARK STRIKE

Attempt Made to Wreck Passenger Train at Versailles.—Express Train Derailed.—Day of Excitement in Paris.

Paris, October 17.—The succession of bomb outrages, in connection with the railroad strike, reached a climax today in an attempt to wreck a passenger train at Versailles. A bomb was thrown at the entrance of the tunnel to the chantiers station at the moment a passenger train was due from Dreux. The bomb struck the limb of a tree and bounding off, landed beside the tracks with a terrific explosion.

It tore a great hole, sending up showers of earth and fragments of the iron of which it was constructed.

A group of soldiers guarding the track, nearby, had a narrow escape from injury. They report having seen three persons on the bridge, just before the explosion. Neither the tracks nor the tunnel were damaged. The train from Dreux arrived a few minutes later and continued on its journey.

So great was the force of the explosion that all Versailles was shaken. Thousands of people rushed to the scene of the outrage and police guards were immediately strengthened all along the line. This and other outrages, have aroused the public and spurred the police and military authorities to new efforts to fight their secret foes. The police attribute the bomb-throwing to anarchists and fighting revolutionists.

Attempts at train wrecking are reported from various parts of France, and serious catastrophies have been narrowly averted.

The express from Marsailles for Nice was derailed and the working parts of several trains were found to have been tampered with. Half a dozen bombs have been exploded in the city of Paris and although providentially, the damage done has been slight, the people are apprehensive and the authorities are doubling their precautions to prevent further outrages and to arrest the criminals.

The police have arrested several additional strike leaders on the charge of fomenting disorders. A large number of strikers have been sentenced to terms of imprisonment, for interferring with freedom of labor.

Six hundred women, the wives of strikers, attempted to parade tonight. They carried placards, summoning the women of France to oppose the "scandalous opulence of the financiers," and nelp to alleviate the misery of small wage earners. The police dispersed the women and arrested several of them.

Strike Ended Last Night.

The strike committee of the railroaders' union, at a meeting tonight, formally called off the strike of the railroaders, which has extended over several of the most important systems in France. Work will be resumed on all lines tomorrow.

The collapse of the strike was primarily due to the stringent measures taken by Premier Briand, who called to the colors the majority of the strikers, thus compelling them to do service as reservists. The premier also placed under arrest many of the strike leaders and used the military forces without restraint for the protection of life or property. After having broken the back of the strike, M. Briand successfully arranged a practical settlement whereby the chief demands of the men were met.

Mr. J. A. MATHIS DEAD.

Well Known Citizen of Duplin Passes Away—The Funeral.

Magnolia, N. C., Oct. 17.—Mr. J. A. Mathis died Sunday ninght. He as been in poor health for several years. He is survived by a wife and two sons Walter, of the S. A. L. R. R. service at Wilmington, and Harry, of Magnolia; also several brothers and sisters. Interment was at Magnolia cemetery Monday afternoon.

ATHLETICS TAKE FIRST BIG GAME

American League Team Defeats Chicago in Opening Championship Sesies.

30,000 SPECTATORS PRESENT

Result 4 to 1 in Clean and Sharply Played Contest—Bender and Baker Starred—The Game Given in Detail.

Philadelphia, Oct. 17.—In a clean and sharply played game the Philadelphia American League baseball champions defeated the Chicago Cubs, the premier team of the National League, at Shibe Park this afternoon, by the score of 4 to 1 in the first contest of the series to decide the world's championship. Nearly 30,000 persons saw the game.

To Charles Albert Bender, the Chippewa Indian pitcher, and to Frank Baker, the third baseman, the Philadelphia team largely owes its victory. The "chief" never showed better form than he did when he faced the Chicago men this afternoon. Baker's valuable contribution was his hard and timely hitting. On the other hand, the American Champions found Overall rather easy, and after the third inning Manager Chance was compelled to retire the star pitcher and send McIntyre into the box.

The latter promptly stopped the Athletics and held them without a hit until the eighth inning, when Baker landed on one of his curves for a terrific smash to the rightfield wall for two bases.

Bender, who won the only game the Athletics took from the New York Nationals in the world's series of 1905, allowed the Chicago men but three hits, one in the first inning by Schulte and two in the ninth, and not one Cub reached second base until the final inning. If it had not been for the muffing of Tinker's foul fly by Thomas in the ninth inning the Chicagoes would have been disposed of with but two hits, as the little shortstop hit the next ball for a clean single, and took second on Strunk's fumble.

The big Indian was as steady as a clock and appeared to be the master at every stage of the game. Besides getting only three hits, the National Leaguers were able to work him for only two bases on balls, and Schulte got both of these, one in the fourth inning and the other in the ninth.

Overall, who was elected by Capt. Chance to win the first game got away with the first inning in fine shape, though Collins, the star second baseman of the Athletics, hit a single, but he got into deep trouble in the second when the home team batted him for three hits, one a double. He also gave a base on balls in this inning. In the third he was touched up for a single and a double.

Third Baseman Baker was the only man on either team to get more than one hit. He landed on the ball for two doubles and a single, scoring one run himself and sending home two others of the total of four. Lord was the only other man to hit for an extra base.

Except for a hard running catch by Sheckard of a long fly off Murphy's at in the seventh inning and several hard stops by Baker and Barry, the fielding was not sensational.

The only base stolen was by Murphy, who reached second base on a high pitched ball which Kling could not bring down in time for a try to the center bag.

The crowd was not the largest that ever attended a baseball game here. The official count of the attendance was 26,891, and the total receipts $37,424.50. Of this amount the players will receive $20,209.23; the club owners $13,472.82 and the National Commission $3,742.45.

When Bender slowly walked to the pitcher's box he was given a splendid ovation.

Sheckard, the first man up, fouled off the first ball pitched and the crowd cheered. The next was a strike and with two more heaves of the Indian's mighty arm, the batter went out on strikes. Schulte, the next man up, sent a chill through the crowd by shooting a clean single to left. Then on the first ball pitched Schulte started for second and was headed off by Thomas' beautiful throw. Hofman was an easy out.

In the Athletics' half Strunk and Lord were easy outs, but Collins got in a hit to left. Collins, like Schulte, also went down on the first ball to second ahead of him by a good margin.

Chicago was easily disposed of in the second inning with Chance and Steinfeldt going out on grounders and Zimmerman on a foul fly. Baker, the first man up for Philadelphia, brought the spectators to their feet by a two-base hit into the left field crowd and was sent to third on Davis' pretty sacrifice hit.

"Hit 'er out Murphy," cried the crowd as the hard-hitting right fielder stepped to the plate, and Murphy responded with a single down the left field line, bringing home Baker with the first run. The crowd cheered wildly as Baker crossed the home base. Hats went into the air, horns were blown and a terrific din set in as Shortstop Barry came to the bat. Overall appeared unsteady and on a high pitch, that Kling just managed to reach, Murphy stole second. He advanced to third on Barry's out.

GREAT INTEREST IN THE CONTEST

Special Offer Closes in Two Weeks, Then The Final Count And Round - Up.

Great interest has been shown in the great special offer which closes on the 29th of October. Each and every contestant now realizes that this offer which allows three times the regular number of votes on each subscription turned in in $18.00 clubs, is the one which they should work with a determination, for this is positively the last extra vote offer of the entire contest, and 18,000 extra votes are allowed on every club of $18.00 in new subscriptions.

These subscriptions may be turned in one at a time, or just as received, and when the new subscriptions turned in by one contestant has reached the amount of $18.00 the extra votes will be allowed.

The first prize in this contest for young women is $500.00 in gold, and this prize may go to any contestant in the contest, regardless of district limitations. The next three capital prizes are one double trip to Cuba with expenses for the winner and any companion she may choose to accompany her; a handsome upright piano, standard made; also a pony, buggy and harness. These four prizes may go to any young woman in the entire contest, the ones receiving the largest number of votes will be the lucky winners.

After these prizes have been distributed there will be four district prizes for each of the six districts, so that each district is sure to win four of these handsome prizes, and any number of the capital prizes. Should one district win two of the capital prizes those would be on to the list of regular prizes making six prizes which will be awarded contestants in that district.

Hustle, and keep on to the end, is the motto of the workers for the prizes in the Star's popularity contest. Now is the time, and this is the offer upon which to exert every energy and make the winners of the twenty-eight prizes.

In the contest for the young men, there will be six prizes. The first prize for each district consists of $50.00 in gold, then the two next prizes for each district are handsome watches, making two prizes of money, and four handsome watches as prizes for these energetic young men who work with a determination to be winners.

The special vote offer which is now on is for both the young women's and young men's contests alike. The same schedule of votes prevails, and the same special offers count for both, but the contests are separate and distinct for the prizes which each are working for.

This is the offer, and now is the time for both young women and young men to get busy, and work to win.

WELL KNOWN MINISTER.

Restored to Health by Vinol.

Rev. D. Schneider, who is a well known minister in Rice Lake, Wis., writes:

"I had a very severe stomach trouble last year from which I was kept in bed three months. I had engaged the serives of a doctor, but to no avail. I then read of Vinol and determined to try a bottle. Before it was used up I was out of bed, and four bottles made me a well man. Vinol is a splendid medicine and I can gladly recommend it."

Prominent men from all over the country do not hesitate to indorse this wonderful tonic.

For twelve years Vinol has been sold on the "money back" plan and every year strengthens its popularity and proves by continued tests that it will do what we claim for it. Robt. R. Bellamy, Druggist, Wilmington, N. C.

FREE DENTAL EXAMINATION

Pupils of Wilmington Public Schools Enjoy Rare Privilege as a Part of Health Precaution—Raleigh Dispatch.

The Star recently carried a dispatch from its correspondent in Raleigh stating that the State Department of Education had commented favorably upon the Wilmington Public Schools as having taken a forward step in health matters in that the dental society of his city had arranged for the free examination of the teeth of all public school children, a report of the condition of the teeth of each child to be sent by the teacher to the parent.

The matter is regarded as one so essential to the health of the children that inquiry was made of Supt. Blair as to the innovation and the newspaper representative was glad to find Mr. Blair enthusiastic in the work. The plan which is being put into practical effect in the schools this week is embraced in the following letter from the Dental Association of Wilmington:

"Wilmington, N. C., Sept. 30th.

'Supt. J. J. Blair, Wilmington, N. C.

"Dear Sir:—In regard to your official inquiry in regard to the Wilmington Dental Association's taking up the examination of the mouths of the white children in the public schools.

"We wish to say that a meeting of the Wilmington Dental Association was called Tuesday night, September 27th, 1910, and it was unanimously recommended that the members of the Association make two visits per year, October and April, for the said purpose. To simplify the inauguration of this work, the school committees are requested to provide suitable blanks for examination and recommendation to the parents by the Superintendent and school authorities.

"The association encloses a draft of a blank which is deemed suitable for this purpose. The association is guided in this movement by a desire to aid the school authorities in securing from their corps of teachers and the children under their charge, the most effective work and the conservation of their general health by the practical application of the laws of Dental hygiene.

"Assuring you of our sincere interest in this movement and all that it means to the community, we beg to remain,

"Yours very respectfully,

"J. W. Stanly, D. D. S., president; J. H. Durham, D. D. S., vice president; W. T. Smith, D. D. S., secretary-treasurer; J. H. Dreher, D. D. S., A. M. Baldwin, D. D. S., M. L. Hargrave, D. D. S., J. E. Matthews, D. D. S., M. H. P. Clark, D. D. S., Members of Wilmington Dental Association."

At a meeting of the Joint School Committee of the city, the superintendent was instructed to make the following reply:

"Wilmington, N. C., Oct. 3rd.

'Dr. J. W. Stanly, President of Wilmington Dental Association, City.

"Dear Sir:—I have received the very kind communication signed by all members of the Wilmington Dental Association, and have submitted your proposition therein contained to the joint school committee of this city. The recommendation was heartly concurred in, and the superintendent was instructed to provide suitable blanks as suggested by you for the purpose of examination and reports.

"The committees expressed themselves as greatly appreciating the interest of the Association in this matter, and beg to assure you of their hearty co-operation. It is their request, if you deem it wise, that the association appoint certain members to address the different classes of the schools on the subject of Dental Hygiene, for the purpose of supplementing the work of the teacher in this phase of education.

"I beg to assure you of my personal appreciation of your interest in this matter, and shall aid you in any way that I can in making this undertaking the success which such a movement deserves.

"Yours most respectfully,

"JOHN J. BLAIR.

"Supt. Public Schools."

During the Summer a great deal of interest has been taken by the Department of Health in the improvement in every way the sanitary conditions of the city, with the view of having the standard of the general health of the community raised.

The public is asked to co-operate with the school authorities and the Dental Association in this important work, and their attention is called to he following items:

1. So long as the children suffer from any physical defects they are certain to be below par in their school work.

2. Sanitation, hygiene and health habits are being given more and more prominence as a regular part of school education.

3. The city undertakes to educate the children and the city at the same time should be held responsible for the removal of any hindrance to their education which may exist.

4. Inspection will be conducted as an association and not as by individuals.

5. Examinations will in every case be private.

6. While it is earnestly hoped that all the children will avail themselves of this opportunity for expert instruction and examination, yet it is entirely optional.

7. Children will be instructed as to the proper care of their teeth.

8. The Wilmington Dental Association has taken up this work of its own initiative and purely for the public good. The children will not be asked to report to any particular dentist for treatment but to the one of its own choice.

9. The superintendent met by invitation with the association, and the details were so arranged that but very little time will be lost from regular lessons.

10. Statistical records of this work will be of great value for future reference.

11.—The State Superintendent of Education advises that this work be done, and every city should co-operate with the Department of Education.

Very convenient blank forms have been printed for use in the schools, the first being addressed to Supt. Blair from the member of the Wilmington Dental Association certifying that he has examined the mouth of the pupil named and find that he or she is in need of dental services and asking that the parent be notified that such condition exists with blank for any remarks that seem necessary. The second blank is for use of the principal of the school and is addressed to the parent or guardian, notifying them f the finding of the dental examiner nd specifying the required treatment. he work will be done systematically hroughout and promises great things for the general health of the student body at each school in the city.

Alderman Fales Kills Deer.

Alderman J. B. Fales while hunting yesterday with his son, Mr. A. F. Fales and Mr. Joe Everett a few miles from the city on the Newbern road, had the luck to kill a fine deer. Mr. Fales with a well directed shot pierced the heart of the animal. This is one of the few deer killed in this vicinity this season.

Now is the time when every woman must buy a new corset if she is to have her clothes fit properly. There is a shaping power in a Warner's Corset which must be appreciated by every woman, whatever her figure. The designing and boning are the vital parts of the corset. These you cannot see. For them you must depend upon our word and the word of your merchant. Your knowledge comes from actual wear.

Try a Warner's Corset Give it hard wear. You will find all parts equal to whatever wearing strain may be put upon them. We guarantee to your merchant that Warner's Corsets are so perfect in pattern, workmanship and material that no part will become useless until the whole is worn out. The attached hose supporters are the SECURITY Rubber Button Hose Supporters, the best hose supporters made.

An ample range of styles, suiting every figure and every purse.

THE RECORDER'S COURT.

Several Cases Were Heard at Yesterday Morning's Sitting.

The Recorder had several cases of more or less interest for his consideration at yesterday morning's sitting of his court. Luby Herring and Iva Reynolds, young white men, both of whom appeared in court with their heads bandaged, entered a plea of submission to the charge of assault with deadly weapon on each other, the cases coming up from Justice Bornemann's court. C. C. Loughlin, Esq., represented the defendants.

The principal witness was Deputy Sheriff A. T. Piver, who made the arrests. He testified that between 12 and 1 o'clock Sunday afternoon he saw two men fighting on Queen street, between 14th and 15th streets, and they appeared to be cutting at each other with knives. One of the young men, he said, appeared to be rather painfully cut. The trouble occurred on a vacant lot and did not attract the attention of a great many people. The Recorder fined each $15 and costs.

Alex. Bowen and Boyd Jackson, colored, were arraigned on the charge of gambling, having been arrested about 5 o'clock Sunday afternoon near the railroad and Ninth street. There were seven negroes in the party and they were playing cards, a quarter being the limit. The other five succeeded in effecting a get-away. One of the defendants admitted in court that he was guilty, but declared that the other man did not play for the reason that he did not have the wherewithal. The evidence of the State's witnesses was to the effect that both negroes were in the game. Each defendant was taxed with the costs.

Mr. C. F. Fortune, who lives at 308 Campbell street, was tried on the charge of simple assault on Mr. J. E. Morris, who lives next door and from whom the defendant rents his house, the trouble having occurred Sunday at the defendant's home. The evidence was to the effect that Mr. Fortune invited Mr. Morris to come in, Mr. Fortune had heard that Mr. Morris was thinking of renting the house to some one else and asked about this. Mr. Morris notified Mr. Fortune that he could vacate the house in 30 days. The latter then ordered the former to leave the house and not put his foot on the remises again until the expiration of the 30 days. Mr. Morris arose to eave, the passage of words between the two being continued, and finally Mr. Morris invited Mr. Fortune to the street to settle the difficulty. The initation was accepted. The prosecution claimed that when the two reached the front gate Fortune struck Morris a lick on the nose with something other than his fist, breaking the skin in two places and sending him sprawling to the ground, and that the blow was not returned. The defendant admitted that he followed Morris to the street, but contended that he did not strike until after he had been hit a glancing lick on the cheek by Morris. The Recorder held that the defendant was guilty of simple assault on his own statement and taxed him with the costs. Wm. J. Bellamy, Esq., represented the defendant, while the prosecution was represented by Walter P. Gafford, Esq.

To Drive Out Malaria And Build Up The System.

Geo. O. GAYLORD'S

MILLINERY OPENING

was the greatest success of any that we have ever hed, and our business in that line has been splendid since that time. The great assortment of merchandise that we show in ladies' hats and all class of new trimmings represents immense varieties from which to select. Our prices are the lowest for the material and we trim all our hats free of charge when we sell you the hat and the trimming. We want your millinery business and we guarantee satisfaction.

THE DRESS GOODS DEPARTMENT.

is certainly very strong with snapping new goods. We also carry a big line of silks and are showing beautiful plaid silks a yard wide, the very best quality at 89c per yard, that usually sells for $1.25. The black Taffeta, a yard wide, sold under a guarantee for 85c and $1.00 per yard.

Poi De Soie Silks, the kind that make nice dresses and will wear longer than woolen goods, one yard wide at $1.00 per yard, the standard price is $1.25.

MENS AND BOYS CLOTHING

is a very strong department in this store. We handle a nice line of goods. We carry an immense assortment of Suits in all styles and our stock represents Department Store prices, which is 20 per cent. cheaper than elsewhere.

Our Shoe Department

contains eight thousand pairs of new snappy shoes and a thorough competent shoe man to wait on you. Mr. E. Z. Milton has the stock in charge and he will be pleased to see you at any time and will sell you shoes that you can depend upon. His word is his bond and anything he guarantees he makes good. Baby shoes and children's school shoes is one of his strong lines and he will be glad to have the mothers to come in and examine his line. We sell a welted hand-made shoe for men for $3.00 and $3.25, known as the Beacon Shoe. It is perfectly fitting, beautiful in style, thoroughly up-to-date and low as $3.00 per pair and unequaled at that price.

We have just received a lot of new rugs for premiums that are beauties. Rocking chairs, baby carriages, watches, lamp and oil stoves are on the premium list to redeem Gaylord's stamp books. Ask for a book when you make your next purchase and furnish your house free of charge by getting useful premiums at the

WILMINGTON'S CENSUS STATUS.

Comments of Press Concerning City's Population—Commercial Supremacy.

Charlotte Observer.)

Wilmington's census returns, while not all that were expected by some, afford abundant cause for congratulation. It must be remembered, first, that the growth of 22 per cent shown is net growth entirely. Wilmington has grown this full amount, not adding part by annexation. It is a good percentage, but much more cause for satisfaction will be found when the detailed report shows that white population has grown very decidedly faster. Not since early times has the State's chief seaport been so well circumstanced with regard to the racial status proportionally. It has attained the status which a Southern city should have, unhindered, economically or otherwise, by an excess of negro population. From every standpoint this is an important gain.

Soon the up-country cities will be bound together by trolley lines for freight and passengers. Then Wilmington will be bound to them in turn. Community of feeling and interest, already strong, will become stronger still. Each one's welfare concerns every other, but if there is any single city in which the common stake should be considered greatest that one is Wilmington. The seaport city already displays energies out of all proportion to its population, as compared with other ports. Granted the thirty-foot channel now sought, it will do great things for itself and for the whole State.

(Maxton Scotish Chief.)

Wilmington having been passed by Charlotte in population, the Star has prepared a table of increase in business done at the late metropolis during the past decade. The table shows up well and probably made Charlotte wince today. But in thus shifting to the claim of primacy in business our contemporary had its glass on the towns higher up and did not note the hop, skip and jump in that department that is being made by Maxton. It would be awful, Thompson, to have to revise so soon as—say next year. Why not try the Summer girl route?

(Red Springs Citizen.)

The United States' official census gives Wilmington a population of 25,748. While these figures are disappointing to the friends of Wilmington, yet they console themselves with Wilmington's superior business advantages and that her possibility are more promising than any other city in the State.

(Maxton Scottish Chief.)

Wilmington's population, according to the late census, is 25,848, or 22.7 per cent increase. This takes that city from the first place in population which it has always held and gives it to Charlotte. The "City by the Sea" should take in Delgado and other suburban folks if it wants to get its place back.

A. & M. COLLEGE NEWS.

Class and Other Elections—Athletic Programme—Other Notes.

(Special Star Correspondence.)

West Raleigh, N. C., Oct. 17.—One of the most enjoyable entertainments in the history of the local Y. M. C. A. was given on the college campus last night. A great many young lady visitors from Raleigh and from various girls' colleges were present and added greatly to the pleasure of the occasion.

At a recent meeting of the Freshman Class permanent officers for this years were elected as follows: President, W. T. Shaw of Weldon; vice president, L. L. Merritt, of Wilmington; secretary and treasurer, R. E. Stevens, of Goldsboro.

The College Glee Club and Orchestra has been organized for this year by the election of O. M. Sigmon as manager. This is the first time that the organization of an orchestra has been attempted at A. & M., but with the great number of talented musicians in college the success of the venture is assured.

The first dress parade of the present session and the first under the new Commandant, Capt. W. G. Peace, of the Coast Artillery Corps of the U. S. Army, was held on the college campus last Monday and from every standpoint was highly creditable to the batalion. The full dress parade and review of the batallion, which has become one of the most attractive features of the State Fair for several years past, will be held in the Fair Grounds Wednesday afternoon, commencing at 3 P. M.

Basketball practice under the direction of Manager W. H. Davis and Assistant Manager P. B. Ferrebee was started on the old athletic field Saturday afternoon, there being nearly 50 men out for practice. It is believed that by starting practice this early that more interest will be stimulated in this exciting game and that A. & M. will have a thoroughly trained squad by the time the seasons opens after Christmas.

Prof. W. A. Withers, head of the Chemistry Department, represented A. & M. College at the celebration of Founders' Dav at the State Normal and Industrial College in Goldsboro last Tuesday.

In order to accommodate the great crowds expected to attend the Villanova-A. & M. football game next Thursday, the seating capacity of the football bleachers on the west sied of the field have been trebled.

The football squad is working hard these hot afternoons to get in fine shape for the fierce game that is expected with Villanova College of Pennsylvania next Thursday, as Villanova Colege has the reputation of always having a mighty good team and one that will fight every minute of the game.

NEARLY 1,000 CARS COTTON.

Noted on the Coast Line Yards Yesterday—Many Parked.

Cotton is now coming in with a rush from all sections. There were noted on the local yards of the Atlantic Coast Line yesterday morning 781 car loads of the fleecy staple. Over 100 cars of cotton are parked between Wilmington and Goldsboro and nearly 200 cars parked between this city and Chadbourn, it is learned. Although the company has much yard trackage in this city, there is not room for all the cars of cotton, making it necessary to use the sidings between Wilmington and the points named until the cars already on the yards can be unloaded.

TRINITY COLLEGE NEWS.

Swathmore Debate—Athletic Items—Installation of President Few.

(Special Star Correspondence.)

Trinity College, Durham, Oct. 17.—Final arrangements for the debate with Swarthmore College, Pennsylvania, have been completed, and the debate will be held in Durham, February 25th.

Professors F. C. Brown and R. L. Flowers have returned from Danville, Va., where they went to attend the convention of delegates from the colleges of North Carolina and Virginia which met to consider the athletic interests of the institutions of these two States.

The Calhoun and Grady Literary Societies at Trinity Park School held their annual reception in the reception rooms of the Asbury Building Friday evening. This was a most enjoyable social affair, and is looked forward to each year with much pleasure by the members.

The Athletic Council met this week to discuss the relay race, and to devise some way by which more interest could be aroused in the race. All men will be given a try-out on Saturday, October 22nd, and the runners for the race will be chosen from this number. The race will be ten miles in length, and will be participated in by ten men from each class. The last mile will be run on the half-mile race track on the college campus.

The ceremonies attendant upon the inauguration of William Preston Few, as president of Trinity College, on Wednesday, November 9th, promise to be most impressive. Almost all the arrangements have been completed, and the full programme will be given the public in a few days. The number of institutions that have already notified the committee on arrangements is very large. The programme of exercises is an exetensive one, and quite a number of distinguished men will take part. Governor W. W. Kitchin will speak in behalf of the Commonwealth, and Dr. Harry Pratt Judson, of the University of Chicago, in behalf of the delegates from other institutions. Bishop John C. Kilgo will at this time formally present the charter and seal of the college to his successor, Dr. W. P. Few. Chancellor James H. Kirkland, of Vanderbilt University, will preside at the luncheon given by the President and faculty to the delegates and specially invited guests.

During the past week, Dr. Kilgo has been conducting chapel exercises, making a short talk to the students each morning. These exercises have been of great interest and profit to all.

The men who are to compose the Glee Club for the coming year have at last been selected, and are down to practice almost every day. The songs selected are bright and catchy, and every man is deeply interested in the success of the club. The various places to be visited have not as yet been decided upon, as all the places have not been heard from. The club is to be congratulated on securing as the musical director, Prof. W. H. Overton, of the Southern Conservatory of Musi.

The students from Union Cuonty have organized a club to be known as the "Union County Club." Trinity has always has a large representation from this county, and some of her best men have come from that section.

"The Mountain Boomers," an organization of Trinity who came from west of the Blue Ridge, held its first meeting a few nights ago, and organized for the year. This organization has been very successful since its beinning, and has done much to further the interests of the college.

GOLDSBORO ELOPEMENT.

Young People Flee to Smithfield—"Unknown Tongue" Sect.

(Special Star Correspondence.)

Goldsboro, N. C., Oct. 17.—Saturday night Miss Tillie Waters, daughter of Mr. and Mrs. G. W. Waters, prominent people of this city, eloped from her home with Mr. John Justice, an employe of the Goldsboro Traction Company. The irate father and opposing mother objected to the young couple going together and for some time past have not allowed their daughter to leave the home unless accompanied by some member of the family. Saturday night young Justice rented an automobile and took his intended young bride to Princeton where they boarded the train for Selma, going from Selma to Smithfield where they secured marriage license and were married. Justice has a wife in Raleigh who secured a divorce from him some time ago. A telegram was received from the bride last night stating that they were in Raleigh. Miss Waters is not of age, and her father is very angry over her marriage, but it is not known what steps he will take in regard to the above affair.

Several days ago two or three preachers pitched a small tent near the postoffice and have been preaching a doctrine known as the "Unknown Tongue" Religion. They talk for several minutes, after which a few songs are rendered, and then they begin to babble in a language that words cannot interpret. Several women are reported to have gone crazy over the religion, while some have danced and shouted at the meetings until they fainted.

WASH THAT ITCH AWAY.

It is said that there are certain springs in Europe that give relief and cure to eczema and other skin diseases. If you know that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription, will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

BIG DAY AT FAISON.

Farm and Home Products Exposition Under Auspices K. of P.

(Special Star Correspondence)

Faison, N. C., Oct. 17.—Under the auspices of Faison Lodge No. 173, hearty co-operation of the community days 13 and 14, seeing a "Farm and hibition of potted plants, including a bananna plant 8 ft. high, aside from the tasty effect as decoration, demonstrated the many varieties of flowers and plants in the homes here.

The good ladies of the vicinity came forward with exhibits of their skill in preserving, and cooking, and the appetites of many were keenly whetted at the sight of such good things. The show of Corn, Cotton, Potatoes, three year old "good North Carolina Hams" could not be excelled at any fair. The Live Stock exhibited, showed strains of the best breeds, and a credit to any section of the State.

For the entertainment of the visitors, there was a lance tournament each day and the skill in horsemanship displayed was pleasing to all. The Knights of Pythias, as a Lodge, wish o express their sincerest thanks to the ladies who so efficiently aided them in carrying out the project, and to the exhibitors, in many incidents selling their exhibits at auction, donating the proceeds to the expense incurred.

Many manufacturers and jobers made donations of their goods, which were cleverly exhibited, and afterwards sold for "the high dollar.' While this small effort brought forth so much pleasure, and such hearty co-operation, our good people will do even better next year.

FIVE CHARTERS ISSUED.

Several New Enterprises for the State Chartered Yesterday.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 17.—Charters were granted today for five new corporations. One is for the Bank of Hyde, at Swan Quarter, capital $15,000, by S. S. Mann and one hundred other men who subscribe for one share of stock each. Another charter is for the Webtser's Weekly Co., Reidville, capital $2,500, by J. N. Craig, W. B. Mullner and Samuel W. Caylon, for publishing the well known weekly established by the late Jno. R. Webster. Other charters were for the Tarboro Real Estate and Loan Co., capital $100,000 by G. A. Holderness and others; Friendship Telephone Co., of Friendship, Guilford county, capital $5,000, by Thomas Wakefield and others; the Loray Gin and Fertilizer Co., of Loray, Iredell county, capital $10,000, by C. L. Stevenson and others.

SKIN DISEASES
HUMORS IN THE BLOOD

Nature has made ample provision in the moisture and sunshine of the air for the outward protection and healthy condition of the skin. But the more important work of nourishing the cuticle has been left to an inward source—the blood. It is from the circulation that the pores and glands receive their stimulus, and the fibrous tissues are all preserved in a healthful state because of constant nutriment supplied by the blood. It is only when the circulation becomes infected with humors or acids that we are troubled with skin affections. The humors producing these troubles are carried through the circulation direct to the skin, and their irritating or inflammatory effect remains until the blood is cleansed. S. S. S. cures Skin Diseases, because it is the greatest of all blood purifiers. It goes into the circulation and REMOVES the acids and humors which are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, rashes, and all eruptions of the skin. When S. S. S. has driven out the humors every symptom passes away, the skin is again nourished with cooling, healthful blood, natural evaporation is renewed, and the skin becomes soft and smooth. Fresh Air in Winter

In winter, it is hard to get fresh air in certain rooms. Some rooms in a house are usually colder than others, and if you open the windows it is hard again to heat the room properly.

If you keep the windows closed you don't get fresh air; if you keep them open you cannot quickly reheat the room. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

solves the difficulty. You can leave the windows in a room open all day in winter, and when you close them apply a match to a Perfection Oil Heater and heat the room to any temperature you desire in a few minutes.

The Perfection Oil Heater is finished in japan or nickel. It burns for nine hours. It has a cool handle and a damper top. It has an **automatic-locking flame spreader,** which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be quickly cleaned. An indicator always shows amount of oil in the font

The filler-cap does not need to be screwed down. It is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for rewicking. The Perfection Oil Heater is strong, durable, well made, built for service, yet light and ornamental.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Tuesday, October 18, 1910.

I wish I were able to go from the East to the Tennessee line and tell this message to all the people. I have not long to live. I have children and grandchildren; but I say to you that no stroke of this right hand shall aid in putting the Republican party over these children and grandchildren. I say it because I have tried it in the past and, having tried it in the past and having found nothing but ruin and disgrace, I cannot help but fight it now.—C. B. Watson.

A scientist says "the solar system has gone wrong." No need to feel alarmed about it, for Col. Roosevelt can find something under the head of New Nationalism that will knock the spots out of the Sun.

Talking about sky-scrapers, New York is to have a building that will stand 539 feet above the street level. It will be erected at the northwest corner of Wall and Nassau streets and the stupenouous structure will be the third tallest office building in the world.

The Savannah News remarks: "What a fine thing it is to see a whole city pulling and hustling for one object for the city's good!" The trouble about it is that so few propose the objects to unite upon. Plenty of objects and united efforts would quicken the pace in the growth of Wilmington.

Former King Manuel will not be 21 years of age till sometime in November. Many a man twice that old might do just like King Manuel if they were not any older than he is. The kid didn't have enough experience to be a King and wasn't old enough to act with the discretion of men of experience.

President Taft has again taken up the reigns of Government in Washing and finds that only one member of his cabinet is missing. Secretary Dickinson is in Europe—but Secretary Ballinger hasn't gone anywhere and couldn't be induced to quit his job under any circumstances. This is on account of Ballinger's fidelity to every Trust committed to his hands.

A Chicago mother boasts that she has raised her daughter to the age of 26 years without having permitted her to have any of the pleasures of life to be found in so-called society She has not allowed her to come in contact with young men. She is now ready to turn the bird out of the cage and the strong probability is she will light on a molly-coddle without knowing what it is.

After having spent the Summer in Europe, while the American masses were struggling for a living and bearing their proportion of the tariff levied for the benefit of some of the Aldrich schemes, Senator Aldrich has returned home. The fact that our entire nation is not glad he has come back is because he was none of their friend when he was engineering the tariff law through Congress.

John Hayes Hammond is consulting engineer of the Guggenheims and is President Taft's constant companion on the Golf links. Hammond says "if the tariff is wrong it can be readjusted." He seemed to have his doubts about it's being wrong and that is what is the matter with all "friends of the tariff." This election is to correct the wrong and the voters should elect men who have no doubt about the wrong and defeat all who are such strong friends of the tariff that they can see no wrong in it.

THE TARIFF THAT KILLS.

Republicans have found out too late that a protective tariff, so high that it is prohibitive of trade with other countries, has the effect of destroying trade instead of creating prosperity. The tariff wall around the American home market enriches the comparatively few beneficiaries of the tariff, but where the general interests of country depend upon mutual trade relations for their share of business, it is found that the boated Republican protective tariff brings on a paralysis of trade with other countries.

The State of Maine and other states bordering on Canada furnish a splendid illustration of what we are speaking about, and the Republican leaders have suddenly realized it since the State of Maine went overwhelmingly Democratic, turning its back on a party whose tariff policy has been ruinous to Maine, Vermont, New Hampshire and other States which have witnessed disastrous deterioration of their trade. The people of Maine and Vermont have experienced the ruinous effect of a high tariff and the elections in those States have indicated that the Democaritc awakening in those States has been caused in part by the effects of the Republican tariff as applied to Canadian trade.

This also accounts for the sudden conversion of President Taft and other leaders to the necessity of securing a tariff reciprocity treaty between the United States and Canada. The plain truth is the high tariff laws of the past 20 years have been ruinous to the mutual trade relations between our Canadian neighbors and ourselves. The Payne-Aldrich tariff law, coming right on top of the tariff law which wasn't revised, brought the trade situation with Canada to a crisis. The industries, mercantile interests, and the workingmen in the New England States had a practical exemplification of the serious operations of the Payne-Aldrich law. They have witnessed and felt its serious effects.

Heretofore, the people of Maine and other border States have been taught to believe in a protective tariff as a political principle. Many of them have worshipped the idea so blindly that it became a party fetish. It's real meaning had not dawned upon them because its ruinous effect had not been brought home to them except in such a gradual way that they little realized that it was bringing ruin to them. When, however, as a result of the Payne-Aldrich law, the commerce of the border States with Canada began to fall off and their everyday business interests began to shrink and dwindle, they were brought face to face with the tariff and realized what it was doing for them—robbing them of their share of prosperity. When they did recognize it they held the Republican party responsible and voted in condemnation of it.

There are mutual advantages in maintaining trade relations with Canada, and heretofore our trade with that country has been on a large scale. Our tariff wall, however, shut out a large portion of the Canadian trade and the Canadians, very naturally, put a quietus on trade from the United States. Instead of patronizing the manufacturing industries and mercantile establishments in the United States they shifted their trade to Great Britian and other foreign countries. Thus, with our tariff we killed the goose that laid the golden egg. The reactionary leaders of the G. O. P. therefore, were grought face to face with the realization that trade reciprocity with Canada is necessary if not imperative, for two reasons—one that this country was loosing a large portion of its trade with Canada and the other that the Republican party was loosing voters becauhe the loss of the Canadian trade fell more directly upon them.

The loss of Canadian trade has seriously affected the industries of the New England States. Our annual trade with Canada has been in considerable volume, but the bulk of this trade has been seriously threatened on account of the Payne-Aldrich law. Now Republican standpatters are realizing that we must have reciprocity as a remedy for calling a halt to our loosing trade with our northern neighbors. That is the reason why President Taft and the Washington Government is now anxious to make trade concession with Canada.

If a high tariff is injurious to our trade with one nation, why does it not seriously affect our trade with the balance of the world? The tariff worshippers go upon the idea that we can trade at home and live off each other, not stopping to realize that when we draw ourselves into our own shell we will fail to cut much figure in the trade of the world. The Republican party, having permitted the merchant marine of the United tSates to dwindle away, is now contemplating ship subsidies to restore our trade on the ocean. That party had better do something to secure mutual trade with the world so ship owners can make their own money by handling commerce for all parts of the world.

Talk Wilmington and get left. Work for Wilmington and win.

SETTLE PUTTING HIS FOOT IN IT.

The Hon. Thos. Settle, of Asheville, son of a distinguished father from whom he inherited Republicanism with reconstruction embodiment, delivered a political address in Wilmington on Saturday night. His Wilmington speech was one of several he has delivered in North Carolina within the past few weeks, among the places where he has spoken being, Kenansville, Newbern and Burgaw in the Third Congressional District where it was supposed he was sent to aid Maj. Geo. E. Butler, Republican candidate for Congress, in his fight against Dr. John M. Faison, the Deomcartic nominee.

Mr. Settle gets credit for being an attractive speaker and has about him the attributes of an orator, which goes very well with men of all kinds of politics. However, North Carolinians know that Lawyer Tom must appear more as the attorney of Republicanism than as its advocate. Therefore, they listen to his oratory but reject his argument. The Hon. Tom during this speaking tour has been laying a good deal of stress upon "local self-governmen." (?) In his speches Dr. Faison declares Settle is preaching this new found Republican doctrine, a principle which is as old as the Democratic party and which the "respectable Republican party" (as alleged thinks can be used for two purposes in this campaign—to mislead some and dope others.

The gifted Tom Settle is not gifted in the art of practicing the rules of consistency when he goes about preaching "local self-government." Evidently he was not in favor of the "local self" principle when he tried to break into a Federal judgship way down in the State of Florida last year. Probably some Florida radical beat the Hon. Tom to that principle, called attention to it at Washington and impressed the President with the fact that Florida Republicans believe so strongly in having local Republicans appointed to Florida political positions, they did not want any foreign interference on the part of an imported Republican from away up in North Carolina. At any rate, Settle failed in pulling any orange blossoms, so his next conspicious appearance was when he attempted to land the Federal judgeship in the Cape Fear District, away down in Eeastern North Carolina. It was a far cry from Asheville, away out in western North Carolina, to way down in eastern North Carolina, but it seems that he raised the cry for the Eastern judgeship, entirely oblivious of any local self-government principle, caring little for the fact that Wilmington had a "local" aspirant in the person of the Hon. Iredell Meares who wanted the judgship for his "local" self.

Failing again in landing a judgship in a district in which he did not live and in which he was in no way identified with the people, he had to haul in his horns and await his chances for some other political browsing. With reference to the Cape Fear district, he, too, like others of the faithful, was sadly among "the unfitten" who called at the White House but went away with the Taft mark of disapproval. Not to be deterred, however, by failing to land locally or far-locally, he had his application on file for any good thing that was likely to turn up anywhere, not specially local. He finally landed a special United States attorneyship way up in New York, a job which belongs to that State, and yet he comes into eastern North Carolina preaching "local self-government," a text which more illustrates the inconsistency of the Hon. Tom than it impresses eastern North Carolinians who know how he is violating the rules right along. In the language of one of our distinguished friends, Dr. John M. Faison, of the Third District, "It's enough to make a mule laugh!"

Mr. Settle, we understand, voted for the suffrage amendment in 1900 and it was hoped that such a manifestation of love for his great native State would reclaim him from his past affiliations with his black allies of the Republicanism which North Carolina was endeavored to get rid of by denegroizing it. However, like the little boy, he has worn out his pants both, "at the knees praying," and "in the seat blacksliding," with the result that he has wound up as a political wet-nurse of Mary Ann and his brother George. Alas, we fear Settle will let the name of a distinguished father pass into oblivion for the lack of a successor who can really keep up the father's reputation.

Thus, the Hon. Thomas Settle, of Asheville, who now has a political job belonging to the State of New York, is a fair sample of latter day "local self-government" (?) North Carolina radical who has not heard that "Maine went hell-bent" to rid itself of Republican scent. Dr. Faison thinks the Hon. Tom had better hurry back to New York les his local self-government principles may debar him from that office in New York. We can add the further reason that he is wasting his time in his attempt to fool North Carolinians with the idea that local self-government of any kind by the Republican party would justify them in again risking the horrible kind of government given to North Carolina by the Republican party every single time it got into power in this State. Neither local self-government nor any other kind of government, such as might be expected from Taft's tabooed North Carolina Republicanism, is wanted in the State of North Carolina. Not while Tar Heels are sane.

President Braga, of Portugal, should be careful and not indulge in Bragadocio like Ex-President Bragger in this country.

The proper spirit for a North Carolinian to manifest is to see to it that no Republican candidate has the ghost of a show in this election.

North Carolina Republicans are pretending to venerate Confederate veterans. Sooner or later we will have them proposing a monument to Red Shirters.

If the South continues to increase it's corn crop like it has this year, Secretary Wilson will be perfectly willing to put it on the map as a part of the Union.

A consumer who votes the Republican ticket with the belief that there is anything in it for him, should be careful and not to let the gold brick man find out he is in the market looking for somebody to "take him in."

It is said Editor Brisbane of the Hearst newspapers draws a salary of $75,000 a year. If a North Carolina editor were to receive that much salary it would de difficult to keep him in the shop long enough to earn it.

Our Charlotte contemporaries have been so nice about it, we are sorry that the census takers didn't give the Queen City a population of 42,000 Charlotte does things and deserves to have all the population she wants.

It is stated that when Walter Wellman sailed in his big balloon America, on Saturday, in an attempt to cross the Atlantic ocean, he carried 50 days' supplies with him. Walter also carried his nerve with him. Here's hoping he'll "come back," even if he can't make the trip.

CURRENT COMMENT.

At the meeting of the Business Men's Club last Wednesday night a movement was set in motion to equip the town with electric lights and water works. Another important step that was taken was to beautify the streets. The work is to commence in a few days.—Lillington Reporter.

Japan is poor, but she will construct the ship canal from Yokohama to Tokio at an estimated cost of $7,500,000. We should have out Atlantic coast canal without further delay since we can pay the cost in one year merely by stopping waste and reforming extravagances—after that we can continue it around the gulf coast.—Jacksonville Times-Union.

The time to defeat Roosevelt's Rooseveltism and new nationalism is now. Hitherto his strength has largely lain in the optimism of his enemies. He has won his victories before they began to understand. Let self-respecting and conservative Republicans take a warning. This year of grace and exceptional opportunity is the time and possibly the only time to defeat Theodore Roosevelt in 1912."—New York Sun. (Rep.)

Candidate Iredell Smeares, of the Sixth District, has written an open letter to ex-Governor Aycock denying that big contributions from the carpet-bag bondholders are coming into the campaign fund of the Republican party in the State. The following from the Greensboro News, the Republican organ, is a complete answer to Meares: "Who made Mr. Butler a man of means? Whence comes the boodle for the expensive campaign he has been waging so 'assiduously' since January last. Are those irrepressible bond-holders behind him? Are they expecting legislation favorable to their contention in the event Mr. Butler's astute campaign results in a Republican Legislature. Or can it be that the Whiskey Trust is backing Mr. Butler in the hope of a 'booze' plank in the platform next Wednesday?"—Mount Olive Tribune.

The Wilmington Star, of yesterday morning took the identical view expressed by The Chronicle yesterday afternoon, that in the case of Wilmington it is the business that a town does that counts more than the size of its population. The Star prints a comparative statement of Wilmington's business in 1900 and 1910, showing large increase in all lines of trade. An increase of 200 per cent. is shown in the bank resources; 10 per cent. in deposits and 275 per cent. in capital and surplus. The tremendous increase of 2,049 per cent. is shown in the imports of the port, and an increase of 270 per cent. in custom house receipts. The jobbers' sales for the year are figured at $65,000,000, an increase of 45 per cent. Other items are given going to show a remarkable and gratifying increase in the commerce of that city.—Charlotte Chronicle.

State-wide interest attaches to the opening of bids last week in Wilmington for extensive dredging in the Cape Fear river at and below the city, the work to cover a stretch of 22 miles. "The work to be done," explains The Star, "is pursuant to the project approved by the chief of engineers, United States army, to complete the river channels above Reeves' Point to the same width and 22 feet depth. In addition, the work is then to be continued with a view to obtaining 26-foot depth, with a width of 150 feet, in all the river channels between Wilmington and a point about 22 miles below it, or about two miles above Southport, to be further increased to 28 feet from Wilmington as far as the funds will permit. The amount set aside for the work is $200,000." According to specifications, in the neighborhood of 2,000,000 cubic yards of material will have to be removed from the bed of the Cape Fear. Both of our Wilmington contemporaries, commenting on the census figures, drew from them the lesson that what the city needs just now is more manufacturing industries, and they are unquestionably correct. An increase in this direction will do a great deal towards keeping Wilmington in the front rank. Nevertheless, as the Dispatch points out, the city's greatest asset is its position as the principal port of the State, and this asset will rapidly enhance in value during the next decade or so. We feel that the beginning of this work by the United States government pointing as it does eventually to the 30-foot channel so ardently desired, is, on the whole, news of greater import than would be the establishment of many manufacturing industries.—Charlotte Observer.

THE SOUTHBOUND.

Progress of Work on New Road via Wadesboro—President

Wadesboro, N. C., Oct. 17—President H. E. Fries of the Winston-Salem Southbound railroad is in town to give the construction work at this end of the linehis personal attention. The railroad has laid ties and rail to Ansonville, but have been held up there through the town.

They expect to get through and reach Brown Creek by Monday night. The material for Brown Creek Bridge consisting of four spans, is loaded on cars and will be at the creek ready to be thrown across, which it is estimated will be done in four days. The road bed from Brown creek to Grindstone creek is dressed for the rails, and it is expected that the Southbound trains will be within two miles of Wadesboro inside of three weeks.

J. T. Martin, of Bennett Construction Company, says that they will be ready for the track when the track laying force reaches them. They have been centering their work on the deep cut north of the Seaboard and the subway crossing of the Seaboard.

Kills a Murderer.

A merciless murderer is appendicitis with many victims, but Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, headache, billiousness, chills. 25c at Robert R. Bellamy's

THE PATHFINDERS ARE OFF

Official Party Leaves Wilmington For Charlotte Over Proposed Highway at 5 O'clock This Morning.—Several Routes.

Nothing short of a rapid development of the northeast storm, which last night was lashing the Florida coast, will prevent the successful start at 5 o'clock this morning of the official party of pathfinders who will leave this city to blaze out the trail of the proposed highway from Wilmington to Charlotte.

A dozen Wilmingtonians in four large touring cars will form the party from here and the start will be made from the foot of Market street. The party is officially in charge of Mr. W. D. MacMillan, Jr., in the absence of Mr. A. B. Skelding, secretary of the Association and it will be joined by several parties en route, so that it is expected that about a dozen machines will reach Charlotte at the finish. The party is scheduled to arrive at Cronly at 7:30 A. M., Lake Waccamaw, 10.45 A. M., arriving at Chadbourn at 11:45 A. M., for dinner. The run will next be to Lumberton, arriving at 3 P. M., Maxton an hour later, Laurinburg 5 P. M., Hamlet at 6:30; and Rockingham at 7 P. M., for the night.

Among those in the party will be Chairman D. McEachern, of the New Hanover Board of Commissioners; Engineers Raymond Humphreys and H. DeW. Rapalje; Messrs. W. D. MacMillan, Jr., W. B. Cooper, E. L. Hinton, J. H. Hinston, F. J. Gooding, C. D. Myers, H. F. Wilder, Frank Herbst, L. H. Simmons and Mr. Wiley.

Mr. Myers will go along as a representative of the Morning Star and will daily bulletin the progress of the trip and give an account of the several routes as surveyed by the party.

The return route of the party is not yet finally determined. There arrived in the city yesterday Messrs. A. J. C. Cottingham and E. L. Moore, leading citizens of Dillon county, S. C., who have made a proposition to the pathfinders to return via Monroe, thence to Chesterfield, S. C., to Cheraw, to Bennettsville and Dillon, thence via Page's Mill, Fair Bluff, Whiteville and Chadbourn. These gentlemen were in conference with Mr. MacMillan during the afternoon and are satisfied that this route is the most feasible, unless it is decided to have an all-North Carolina highway. Mr. R. C. Carson and party, who recently came to Lake Waccamaw to meet the pathfinders, came by this route and were delighted with it. It is claimed that the distance is considerably shortened by this route and that the roads are much better. All of these matters will be reported upon officially by the party which starts for the trip today.

Y. M. C. A. NOTES.

Several Successful Meetings Held Last Night.—Religious Work.

The Bible Study Club meeting and fellowship supper at the Y. M. C. A., last night, was attended by the largest crowd of the season. Following the supper the members met for Bible study with Rev. Dr. A. D. McClure, as teacher. The attendance upon the regular meeting of the David G. Worth Bible Study Club and also large and great interest shown.

The general religious work committee held a meeting last night, with Chairman K. W. Price presiding and Secretary R. F. Coleman at his post, at which plans were outlined for some special Fall and Winter work. It was decided to invite several prominent speakers to the city during the next two months to make addresses on civic righteousness, etc. The first speaker will be the Rev. Dr. R. J. Willingham, of Richmond, Va., who will be here November 20th. Other prominent men have been invited and their names, as well as the dates upon which they are to speak, will be announced later.

The two gym classes, which met last night, one at 6:10 and the other at 8:15, were well attended. Interest in gymnasium work is growing at the Y. M. C. A.

NEW SEABOARD AGENT.

Mr. R. C. Curry Comes to Wilmington from Tallahassee, Fla.

Mr. R. C. Curry, for many years an auditor of the Seaboard Air Line Railroad, with headquarters in Tallahassee, Fla., was recently appointed freight agent for the Seaboard at this place and arrived some days ago to assume his new duties. He is an experienced railroad man, eminently qualified for his new work and has taken hold of things at the local office in a way that impresses one with the fact that he is thoroughly familiar with the duties of an agent at a big and important terminal of a large railroad system. Mr. Curry comes to Wilmington highly recommended by the business and banking men of Tallahassee and has already made a number of warm friends among the bankers and business men of Wilmington, who extend to him a most cordial welcome to the city. Mr. Curry will be joined later by his family and they will make Wilmington their permanent home.

IT GROWS HAIR.

Here are Facts We Want You to Prove At Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexal "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without qustion or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and $1. Sold only at our store—The Rexall Store. J. Hicks Bunting Drug Co.

STORE WAS BURGLARIZED

Mr. J. C. Vereen Reports That Robbers Entered His Place of Business Sunday Night and Secured Over $200 in Cash.

Mr. J. C. Vereen, until recently employed by the city as a heat officer, reported to the police yesterday morning that his store, at corner of Eighth and Wooster streets, was burglarized Sunday night and $205 in cash taken from the iron safe, which he neglected to lock before retiring for the night.

It is probable that some groceries and other things in the store were taken, but Mr. Vereen had not missed anything else at the time he made the report, though he stated that his son said that two sacks of flour had also been taken by the robber or robbers. The building was erected for a store and residence combined and Mr. Vereen and family occupy the living partments. Upon rising yesterday morning, Mr. Vereen's little daughter said that she heard a noise during the night, as if made by the falling of glass. The remark passed unnoticed for the time, but was recalled to Mr. Vereen's mind a few minutes later, when upon going to the safe, he found that his money had disappeared.

He then made an investigation and found, he reported, that some one entered the building through a window in the dining room and then proceeded to the portion used as a store. A suit case, he says, was found in the store filled with groceries from his stock. He thinks that there must have been more than one intruder and that they had planned to carry away a big portion of the stock, but upon finding the money decided that the cash would suffice and in their eagerness to get out of danger of immediate detection, left the suit case. Mr. Vereen said that he usually kept his money in the cash register and that Sunday afternoon he removed it from the register to the safe and neglected to turn the combination.

While members of the family were on their front porch, enjoying the invigorating breeze, some one entered the residence of Mr. George Nunberger, No. 406 South Fifth street, between 8 and 9 o'clock Sunday night, and stole a pocketbook, containing 75 cents and a Smith & Wesson pistol. Entrance to the residence was affected through a window in the rear. The robbery was not discovered until members of the family were ready to retire for the night, shortly after 9 o'clock. Report was promptly made to the police.

LOUISBURG FEMALE COLLEGE.

Its Claim on Methodists Set Forth by Rev. A. J. Parker.

At the conclusion of the sermon by the pastor, Rev. Thos. A. Smoot, at Grace Metnodist Church, Sunday night, the Rev. A. J. Parker, financial agent and a member of the building committee of the Louisburg Female College, was presented and made an earnest appeal to the congregation to contribute something toward the fund to complete the Matthew S. Davis Memorial Building, which is now in course of construction. The college now belongs to the North Carolina Conference of the Methodist church and at the last session of the annual conference a movement was set on foot to erect a two-story structure at a cost of $15,000 to be known as the M. S. Davis Memorial Building, in honor of the late president of the college. The town of Louisburg pays $5,000 of the amount, leaving only $10,000 to be raised among the Methodists in the conference. The work of erecting the building has already been begun, but the funds in hand are not sufficient to complete the structure, therefore Mr. Parker is making a visit to some of the leading churches in the conference and placing the matter directly before the congregations. Any amount will be cheerfully received. Many Wilmington Methodists will probably contribute liberally to the fund.

HON. DUNCAN E. McKINLAY.

Distinguished California Republican Speaks at Court House Tonight.

Hon. Duncan E. McKinlay, representing a California district in the preesnt Congress, will address the voters of this city in the Court House this evening at 8 o'clock.

Mr. McKinlay has taken a prominent position in the legislation enacted during the past several years and has given particular attention to waterway development, upon which subject he is considered an authority. He neglects no opportunity to enlighten his hearers and his address this evening promises to be no exception. The commercial interests of the city are closely interwoven with the inland waterway, at present under construction, and the position of Mr. McKinlay, as a member of the committee on Merchant Marine and Fisheries makes him one whose utterances should have weight.

AVERAGE CROP PEANUTS.

New Crop Now on the Market.—Farmers Think Prospects Good.

The first peanuts of the new crop are being received on the Wilmington market and an average yield is forecasted by the farmers, who have just commenced digging them in the peanut raising section of this State. The old crop of North Carolina peanuts has about all been marketed and the new crop is bringing a fairly good price, selling for 90 cents per bushel of 22 pounds.

Fancy Virginias are selling at 75 cents and Spanish as high as $1.15 per bushel. Reports here from the Northeastern section of the State and Virginia indicate a good crop.

Remarkably Fine Pear.

Mr. E. F. Burdick, one of New Hanover's successful fruit and truck growers, was in the city yesterday and was exhibiting one of the finest Kieffer pears even seen on this market. It measured 14 3-4 inches in circumference, was 6 inches long and weighed 28 ounces. It is one of many very fine pears raised by Mr. Burdick, about a mile from the city, near Jumping Run, and was from a very small tree, which is all the more remarkable.

Read Star Business Locals.

PLATE ICE COMPANY OPENS

Big New Plant in Wilmington Ready for Delivery Tomorrow Morning—Admirably Equipped and Ready for Business.

The Plate Ice Company, one of Wilmington's newest and most important enterprises, unfurls its flag to the breezes tomorrow morning "bright and early" and will enter actively in the field for business in this city and territory, being admirably equipped both as to manufacture and distribution with plant in connection with the Hilton Lumber Company in the northern part of the city and distributing depot at foot of Orange street.

The new plant represents an investment of something like $150,000 and is one of the most modern and up-to-date in the State, having daily capacity of 70 tons and a storage capacity at the factory of between 3,500 and 4,000 tons. The installation of the plant and the opening of the distributing depot has just been completed, the latter being in charge of Mr. Henry B. Peschau, as general manager, a gentleman of experience and unusual business ability, whose hundreds of friends will be delighted to greet him in his new position.

In honor of the opening for business ten brand new and substantially built delivery wagons, drawn by as many pair of sleek young mules just purchased for draft purposes, were sent around the principal streets of the city to give the people some idea of the equipment that will obtain in all branches of the business, which has been launched with the motto, "Quality, Weight and Service." The distributing depot at foot of Orange street, occupying the old power station of the Tidewater Power Company, which has been completely remodeled to suit the new business, has abundant capacity for storage purposes and is reached from the factory not only by wagon, by railroad but also by river, specially constructed barges of 70 tons capacity now being built for the purpose of freighting from the factory to the depot. Every convenience for handling the output of the factory has been put in at the depot. Automatic dumps and a large vitrified brick court with all necessary platforms and other devices make the handling of the product from the factory to consumer an operation of facility and economy in meltage, etc. The large storage bins are clean, sanitary and may be manipulated with the greatest ease and dispatch. The office equipment has been installed by Mr. Peschau to meet the requirements of the handling of ice by retail and especial attention will be paid night and day to all calls, especially those for the sick. The regular deliveries in the city will begin tomorrow morning but the Plate people today will send the wagons around to a number of the larger consumers and show them a sample of the product, this compliment being to introduce the "Plate Quality" to the trade. The factory has now been in operation since last Thursday. The ice is delivered from the factory in six ton plates, 12x20x1 feet and are then sawn up by steam into 300 pound blocks ready for the trade. The company begins business under the most favorable auspices and with two of Wilmington's most progressive and enterprising business men behind it, Messrs. W. L. and R. Aubrey Parsley. The company will have an announcement of interest to the trade in the advertising columns of tomorrow's paper.

INTEREST ON INCREASE.

Splendid Service at Fifth Street M. E. Church Last Night.

The revival meeting at the Fifth Street Methodist Church continues to increase in interest and attendance, the service last night being pronounced the most successful of the series. The pastor, Rev. K. D. Holmes, preached a powerful and soul-stirring sermon on "Wedding Garment." In the after-meeting, conducted by Rev. Thos. A. Smoot, a large number of church members expressed a desire to reconsecrate their lives to the master and a large number of unsaved went forward and asked for prayers. The song service preceding the preaching service is a strong feature of the meeting, and the singing of Mr. and Mrs. Chas. Butler is very much enjoyed by the large congregation. Services tonight as usual; preaching service at 8 o'clock and the song service at 7:30 o'clock.

CUTTER TO NEWPORT NEWS.

Seminole Will be Gone Until the First Week in November.

The revenue cutter Seminole, Lieut. Covell commanding, left yesterday morning for Newport News, Va., to receive a new turban dynamo and will be gone from her home port until the first week in November. The dynamo was recently shipped from Baltimore to the Newport News Shipbuilding and Drydock Company, where it will be installed in the cutter. It is understood that Capt. Crisp, who has been on a leave of absence, will assume command again while the cutter is at the Virginia port. Several members of the crew, who were arrested Sunday and had to remain here for the trial, in the Recorder's court yesterday, were left behind by the cutter.

Mr. and Mrs. McLemore Bereaved.

Many friends in Wilmington of Mr. and Mrs. L. W. McLemore, of Florence, S. C., will tenderly sympathize with them in the death of their little daughter, Martha, six-years-old, which occurred yesterday at the family home as the result of ptomaine poisoning. The little girl was an exceedingly bright child, the joy of the hearts of tenderly devoted young parents and the bereavement is one they can hardly bear. Messrs. A. J. Mitchell and M. B. Rahm, of this city, friends of Mr. McLemore, left yesterday to be with the family upon their departure for Augusta, Ga., where the interment will take place today.

READY FOR THE BIG RALLY

Platform Erected and Band Engaged for the Democratic Speaking Tomorrow Night—Those Who Are to Occupy Stand.

The New Hanover Democratic executive committee, of which Marsden Bellamy, Esq., is chairman, has practically completed all arrangements for the big Democratic rally at Third and Market streets tomorrow night, when the issues of the compaign will be discussed by two of North Carolina's most distinguished public men, United States Senator Lee S. Overman, of Salisbury, and Attorney General T. W. Bickett. The speaker's platform has been erected and arrangements have been made for a band to furnish music for the occasion.

The speaking will begin promptly at 8 o'clock tomorrow night. Prior to that hour, and while the crowd is gathering, several selections will be rendered by the Delgado Band. At the hour appointed Chairman Marsden Bellamy will make a few preliminary remarks and present to the large crowd that will undoubtedly be in attendance Hon. John D. Bellamy, a prominent member of the local bar, to whom has been assigned the pleasant duty of introducing Attorney General Bickett. At the conclusion of Mr. Bickett's address the band will discourse a lively air, following which Mr. George Rountree, another prominent member of the Wilmington bar, will be presented, and he will introduce Senator Overman. There is every reason to believe that the distinguished speakers, who have a wide reputation and who expound true Democratic doctrine in a manner not given to every public man, will be greeted by a large crowd. This will be the first Democratic speaking of the campaign in this county and this fact alone should serve to draw a large crowd.

The committee has announced the names of those who are invited to occupy seats in the speaker's stand. The list includes city and county officials, Democratic candidates, prominent business men and representatives of the press. The list would have contained more names but for the fact that the seating capacity of the platform is very limited. The list follows:

Mayor Walter G. MacRae, Duncan McEachern, M. W. Divine, J. VanB. Metts, John D. Bellamy, George Rountree, H. McL. Green, A. G. Ricaud, J. J. Furlong, Woodus Kellum, John Haar, J. A. Taylor, M. O'Brien, Wm. E. Springer, J. G. L. Gieschen, H. L. Vollers, Walker Taylor, G. J. Boney, Herbert McClammy, J. O. Carr, Thos. W. Davis, J. T. Kegr, John Barry, W. B. Cooper, C. N. Evans, J. V. Grainger, M. G. Tiencken, J. J. Fowler, C. C. Covington, Sam Bear, Jr., M. J. Corbett, J. S. Williams, James H. Cowan, J. E. Thompson, Cameron F. MacRae, Thos. W. Clawson, Geo. H. Bellamy, R. P. McClammy, P. Q. Moore.

CAPTAIN MEARES RETURNS.

Home From Pleasant Trip to the Atlanta and Minneapolis.

Capt. Thos. D. Meares, clerk of the Board of Audit and Finance, returned to the city Sunday from a visit to Atlanta, Ga., where he represented the city at the Conservation Congress, and a trip to Minneapolis and other points in the West. While at Minneapolis he attended a meeting of the finance committee of the Supreme Lodge, Knights of Pythias, Captain Meares being the Supreme Master of Exchequer. Captain Meares also spent a short time at Lima, Ohio, and the papers of that place speak in high, but deserved, praise of him. The following is from the Republican-Gazette, of Lima, of date of Oct. 14th:

"Lima has a very distinguished and popular visitor today in the person of Hon. Thomas D. Meares, of Wilmington, N. C., the jolly good fellow, but brilliant and conservative business man who holds the strong box containing the enormous funds under the control of the Supreme Lodge, Knights of Pythias. Mr. Meares has been attending a meeting of the finance committee of the Supreme lodge in Minneapolis, and he felt he could not go back to one of the chief ports of the Confederacy during the civil war, without dropping into Lima for a few hours' visit with his old friend, Hon. W. B. Richie, and Hon. Brig. S. Young, who left the classic precincts of Ada to greet the Southerner, and enjoy his infectious humor.

"Mr. Meares was elected Supreme Master of Exchequer at the meeting of the Supreme Lodge in Cleveland in 1896, and if he needs any strong aid to keep it, other than his own splendid record, his Lima friends will furnish it."

Most Folks

who eat of Nunnally's Candies enjoy them so much they just don't want any other kind. It's not surprising.

Nunnally's

TRAGIC DEATH OF YOUNG ACTOR

Caught by Strong Undertow, Leading Man in "The Sins of the Father," Was Drowned at Wrightsville Beach—Efforts to Rescue.

Mr. Robert Barton Pahr, 23 years old, a native of Baltimore, where his parents reside, who played the leading part in Tom Dixon's latest production, "The Sins of the Father," the play presented at the Academy of Music Saturday, lost his life while surf bathing at Wrightsville Beach, about 200 yards below Lumina, Sunday afternoon about 4:30 o'clock, and up to yesterday afternoon the waters of the Atlantic had not yet given up the body of the young man, although repeated efforts were made during the morning with seines and grappling irons to locate and bring it to the surface.

In plain view of Mr. Dixon, author of the play, and members of the troupe as well as scores of Lumina visitors, the young man went down in his watery grave. Not, however, until after every effort with the facilities at hand had been made to rescue him.

Mr. Pahr was a good swimmer but ventured too far out, the undertow being particularly strong during the afternoon. He was probably 100 yards from the shore. Other members of the tropue, including the three ladies, were arranging to join Mr. Pahr in the surf, when his cries for help arrested the attention of those on the beach as well as several persons in the surf. Messrs. Hugh and Ed. Hines and Herbert O'Neal were in the surf and went quickly to the aid of the young man. In a short time they had hold of Mr. Pahr who was too nearly exhausted to even offer resistance as most drowning people do. According to some who witnessed the tragedy, the young man had already gone down once or twice. He was making a desperate effort to save himself and when the three young men reached him, cried, "For God sake, boys, save me." His appeal was pathetic and caused the young men to work all the harder to save his life. The undertow was so strong, however, that the young men could make no progress toward regaining shore with their half-conscious form, but for some minutes, probably a quarter of an hour, as some witnesses say, Messrs. Hugh Hines and O'Neal held the head of the unfortunate young actor above the water, while Mr. Ed. Hines returned to shore for a life line, which it is said, was not in its accustomed place at Lumina, thus causing the delay that cost the life of Mr. Pahr. Before Mr. Hines could return with the line the two other bathers, Mr. John A. Fowler, superintendent of the Bellwill Cotton Mills, and a Syrian, whose name was not learned, reached the scene and relieved the two men who were heroically holding the young actor's head above water. While the last two were struggling heroically to keep Mr. Pahr's head above water until Mr. Hines could return with the life line, or the boat, which had been started, could reach them, a large breaker came with such force that the three men were parted, and the young actor, who had great talent and one for whom the stage promised much, sank to rise no more.

Sadly was this thought realized not only by members of the little troupe, who had watched with such deep anxiety the fight against the waves, but by all who witnessed the distressing tragedy. The young ladies of the troupe became hysterical upon the realization of the great tragedy which had been enacted before their very eyes with one of their own number as the principal.

Mr. Freeman Yopp, who was the life saver at Lumina during the Summer months, chanced to be at the beach Sunday afternoon and as soon as his attention was directed to the perilous condition of Mr. Pahr, he immediately set out in a fish boat, which, however, was swamped twice by the heavy waves, and in the meantime the young men who were holding the actor were forced, by hugh breakers, to relinquish their grip. They had been out so long and in such suspense they had considerable difficulty in reaching shore.

The Tidewater Power Company had four men patrol the beach throughout Sunday night in the hope that the body would be washed in by the waves and early yesterday morning a party headed by Mr. Freeman Yopp, went to work with scines and grappling irons at the point where the young man went down and continued their efforts as far down as the inlet, but without success.

Mr. Dixon and members of his company were guests at The Orton Hotel, where many personal friends of the distinguished playwright called to express their deep regrets of the sad and untimely death of the young man. Mr. Dixon stated, in reply to an inquiry, that the sad and untimely death of the young man would not interfere with the company's engagements, as he himself would assume the part taken by Mr. Pahr until a new man could be scured. Mr. Dixon is said to have wired to New York Sunday night for a man to take the place of Mr. Pahr in the cast.

Mr. Dixon got in telephonic communication Sunday night with the father of Mr. Pahr, in Baltimore, and informed him of the tragedy. Mr. Pahr stated that he would leave at once for Wilmington.

The company was billed to appear at Fayetteville yesterday, matinee and night, and left on the A. & Y. train yesterday morning for that place.

The father of the unfortunate young man arrived in the city last evening on the train from the North. He was not registered at The Orton, but inquiry elicited the information that he was there shortly after the arrival of the train from the North.

by a member, probably composed by members of the troupe; certainly by a visitor to the city, was found yesterday morning in a mail box at the old Messenger office by Mr. Benj. Bell, of the firm of Jackson & Bell:

"Oh! restless, restless ocean
Upon thy waves doth ride,
Great ships in stately motion
From this to the other side.

"In innocence, thy snow white caps
Chase each other into shore,
Heedless that lives elapse
And that the days of another is o'er.
(On the drowning of the young actor, Oct. 16th, 1910.")

It was learned last night that Mr. Fowler, who is superintendent of the Bellwill Cotton Mills, and lives at No. 105 Queen street, who held on to the young actor until the breakers separated them, is seriously ill as a result of his experience. A message from his bedside last night was to the effect that he was threatened with pneumonia. After his harrowing exeprience Mr. Fowler went to his home in a very weakened condition and soon thereafter his temperature began to rise. His condition grew worse and it was necessary to summons a physician about 4 o'clock yesterday morning. Although a resident of Wilmington only a short time, Mr. Fowler has made many warm friends, who sincerely hope that his illness will not be as serious as the symptoms last night indicated.

The C. W. Polvogt Co.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, Etc.

Mr. and Mrs. A. S. Holden will leave today for Raleigh, where they will spend some days as the guest of Mr. and Mrs. Horace R. Dowell.

* * *

The George Davis Children's Chapter will meet at the home of the leader, Mrs. Covington, this afternoon at 4 o'clock. All are urged to attend as this is an important meeting.

* * *

The annual meeting of the Brotherhood Bible Class of the First Presbyterian church will be held Tuesday evening at 8 o'clock. In addition to the election of officers, a pleasant social programme has been arranged.

* * *

The Choral Society of Wilmington held a meeting at the rooms of the Y. M. C. A. last night with a large attendance. The purpose of the meeting was to discuss plans for giving a musical entertainment in the near future.

* * *

A lawn party will be given next Friday night at the home of Mr. A. L. Vann, on Greenville Sound, and a number of pleasing features have been arranged for the evening. The public is invited to attend and the proceeds will be contributed to the building fund of Greenville Baptist church.

* * *

The regular monthly meeting of Cape Fear Chapter, U. D. C., will be held tomorrow afternoon at 4 o'clock at the W. L. I. armory. This is an important meeting as reports will be received from delegates to the State convention and other business will be transacted. It is urged that there will be a large attendance and that the members arrive promptly at the hour set for the meeting.

* * *

The Philathea Class of Trinity Methodist church has arranged for what promises to be a most pleasing entertainment tonight to which the public generally is invited. The exercises, which will consist of tableaux, will take place in the lecture room of the church. After the rendition of the programme refreshments will be served. The mite boxes for the building fund will be opened at this time and this will prove an interesting feature of the gathering.

PERSONAL PARAGRAPHS.

—Mr. C. A. Howe is at home on a very pleasant visit from Montreal.

—Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church, returned yesterday at noon from Elizabethtown, N. C., where, during the past week, he attended the sessions of Wilmington Presbytery. He preached at Elizabethtown on the Sabbath and was heard by large and appreciative congregations.

LOCAL DOTS.

—The Danish steamer Annette Furness, Capt. Larsen, cleared yesterday for Port Tampa, Fla., after discharging cargo of fertilizer constituents here. The vessel was by Alexander Sprunt & Son.

—Rev. Mrs. McKinstry, of Vermont, Sunday morning at the Advent Christian Church of Wilmington, corner of Fourth and Church streets, began a series of lectures on the "World's Four Empires," being heard by a large congregation with great pleasure.

—The feature of the regular weekly meeting of the Wilmington Ministerial Association yesterday morning was an address by Rev. W. A. Snyder, pastor of St. Paul's Evangelical Lutheran church, who discussed in a most able and entertaining manner "The Training of Youth in the Church."

—"Life Beyond the Grave" was the subject of a lecture given at the Bijou theatre Sunday afternoon by Mr. O. L. Sullivan, of Brooklyn, N. Y., member of the International Bible Students' Association. Mr. Sullivan was heard by a large audience who manifested considerable interest in the discourse.

—Deeds were filed for record yesterday as follows: Winter Park Gardens Company to Abner B. Chesson, for $100 and other considerations, lot on south side of Wrightsville avenue, 165.53 feet south of First street, 66x 236.2 feet in size; J. E. Taylor and wife, et al., to Daisy T. Sternberger and I. Irving Bear, for $10 and other considerations, lots on southeast corner of 13th and Rankin streets, 88x132 feet in size.

—Mrs. Maria Johnson, of Brunswick county, who slipped on a banana peel on Front street a few days ago and fell, breaking a bone in one of her hands, is able to be out again. A city official calls attention to the fact that there is an ordinance against throwing banana peelings on the sidewalks and suggests that it would be well for the people to bear in mind that violation of the ordinance makes it dangerous for pedestrians.

THE CHARLOTTE OBSERVER.

Its Managing Editor and Business Manager Guests in Wilmington.

In the city are two of North Carolina's most jovial and capable newspaper men, the one representing the editorial control and the other the munitions of war, the man behind the guns, so to speak in these piping times of strenuous newspaperdom. References could be had to none other than Managing Editor Robert W. Vincent, "native and to the manner born," and Maj. John R. Ross, business manager of The Charlotte Observer. They came down primarily to relieve the congestion of people in Charlotte and secondarily to tender their services towards a "fairer count" of the 45,000 people in Wilmington. Since their arrival population statistics have already taken a bound, Maj. Ross being of sufficient proportions to count for about six of Vincent and half a dozen of most any other "average man." The Observer has always been very kind to Wilmington and the city is pleased to welcome these two clever representatives of the Queen City press.

Your Discriminating Taste.
Will appreciate the delicious flavor of Blue Ribbon Vanilla Extract.

RIOTOUS SCENE SUNDAY NIGHT

Jailor Refused to Receive Prisioners On Account of Absence of Proper Papers—Officer Knocked Down in Melee.

scene, entirely uncalled for and characterized by many as disgraceful to the city, was enacted in front of the county jail, on Princess, between Third and Fourth streets, Sunday night shortly after 9 o'clock, just as people were returning to their homes from church services in different sections of the city. In a nut shell, the whole affair was due to the absence of a little forethought and the exercise of reasonable judgment on the part of some one, the opinion of those witnessing the spectacle varying as to where the responsibility lies.

To begin at the beginning, Sunday afternoon four attaches of the revenue cutter Seminole secured a turnout from the livery stables of Mr. S. J Davis and drove out into the country. Early in the evening the police received a telephone message from Constable Chadwick, of Cape Fear township, to the effect that the sailors had disturbed a religious meeting at Wrightsboro Baptist church by loud cursing and boisterous conduct and had also entered the homes of several persons living in the neighborhood, and requesting that two officers meet him near the city limits to aid him in taking charge of the men whom he expected to place under arrest as soon as he got where he could secure help of fellow officers. Mounted Officers Brinkley and Coleman met the constable, who was just behind the sailors in the vehicle, and went with him to Davis' livery stables, where the quartette turned over the team to the stables. The men were placed under arrest by Constable Chadwick and the police officers assisted him in taking them to the county jail. The sailors are said to have been rather bolsterous and gave some resistance. It was deemed best to incarcerate them in jail without waiting to secure warrants. Attracted by the sight, scores of persons rushed to the jail door. The crowd continued to grow until there were perhaps a half hundred people in the vicinity of the jail. People returning to their homes from church declare that the crowd, though orderly enough, made one think that something dreadful ,bad or was about to occur. The sailors were taken within the jail building, in the room used for the purpose of searching the prisoners and where the jailor keeps his records. The crowd began to disperse, thinking the trouble at end. Presently Constable Chadwick came down the walk way leading from the jail door to the street. "Arrest those men; I deputize you men to help me." The sailors had been turned out because the officer making the arrest had not secured from a magistrate a commitment for them. However, the crowd did not for the moment understand what the officer meant and no assistance was given him. The four sailors, one of whom was in citien's clothes, came out just ahead of the officer, but as there was such a large crowd in the walkway only those nearest them could tell that they were the same that had been taken within the county institution a few minutes before. Immediately Constable Chadwick called, "Harvey Cox, Harvey Cox, come here quick." Mr. Cox was inside the jail, standing near Jailer Branch. Mr. Cox evidently did not hear the constable call for assistance, because he did not respond at the time. Those standing about on the street did not attempt to help the officer and when he went up single handed against the four men he was knocked down by one, said to have been Hans Olsen, but quick as a flash he regained his equilibruim, and was again using his best efforts to take the men in tow.

Evidently Constable Chadwick thought one of the sailors drew a knife, for the officer jerked out his pistol, leveled it at one of the sailors and shouted "Draw your knife; draw your knife." The sailor appeared to have had his hand in his right side pocket. Two sailors stood facing the officer with his drawn revolver. They stood before him without a quiver. They were then in the middle of the street. The crowd had scattered, the sight of the pistol being sufficient to remind them of business elsewhere. However, they did not go far; just far enought to seek protection behind trees and telephone poles, yet give them a view of what appeared would be a tragedy before the affair was ended. In the meantime Deputy Sheriff Cox and Jailor Branch had left the jail and were rushing to the officer's assistance, as best as could be judged by one "behind a tree." The police officers, who thought their duty had been performed when the sailors were delivered at the county institution, and gone to the City Hall, heard the commotion and ran out, succeeding in capturing W. A. Skeems and J. Anderson at corner of Third and Market streets. The crowd continued to swell. The other two sailors followed at a safe distance. After Skeems and Anderson had been taken inside police headquarters, some one suddendly remembered that the other two had not been captured. Constable Chadwick and one or two police officers darted out in search of them. Hans Olsen was spied and he also spied the officers coming towards him. He ran towards Front street at a terrific rate of speed and after going for two blocks was overtaken and re-arrested. The fourth man succeeded in making his escape.

The three men were lodged in the city prison for the night. The crowd hung around the City Hall for some time after the prisoners had been given their cells. They lingered to discuss the scene which could easily have been avoided.

Mr. S. J. Davis secured warrants against the sailors for cruelty to animals and warrants were also issued for them for disturbing a religious meeting. A preliminary hearing was set for 4 o'clock yesterday afternoon before Justice Harriss. When the case was called the defendants waived preliminary examination and were bound over to the Recorder's court. Walter P. Gafford, Esq., represents the prosecution.

Some were disposed yesterday to criticise Jailor Branch for his refusal to accept the sailors without commitment, but the lawyers say he was entirely justified in his action. Others point out that he should have turned the sailors over to the officer bringing them to the jail, as he contends he did do, but others contend that he did not, but turned them on the street instead. Others think that the constable should have had some one to guard the prisoners while he went for commitments before offering to put them in jail. Regardless of who was to blame, it does appear that the scene could have been avoided.

ANOTHER BIG REALTY DEAL

C. J. Mitchell, of B. F. Mitchell Co., Acquires Valuable Wharf Property and Will Build Modern Structure—Deal.

Another big realty deal in wharf property was consummated yesterday when Mr. Chas. J. Mitchell, of the B. F. Mitchell Company, the well known grain and peanut dealers, purchased from Mr. I. J. Bear, of Samuel Bear, Sr., & Sons, the valuable property on east side of Water, between Princess and Chesnut streets, next south of the ten-foot alley entering the block from that thoroughfare and embracing the three stores recently occupied by E. Boushee, the Wilmington Produce Company and F. G. Punke.

The property fronts 64 feet on Water street and runs back into the block 92 feet, having also a 20-foot alley in the rear. While nothing official is known, it is understood that the purchase price was between $10,000 and 12,000. The property now occupied by the B. F. Mitchell Co., was recently sold to the United States government as part of the site for the new Custom House and Messrs. B. F. Mitchell & Co., are exceedingly fortunate in securing this site for a handsome building which they will erect at once to accommodate their large grain business and peanut factory. All new and improved machinery will be installed in the peanut factory and this will be second to no establishment of its kind in the State. The stores now on the roperty will be torn away and the ew building will go up as soon as racticable.

The B. F. Mitchell Co., is one of the oldest and most firmly established firms in the city. The business was founded in 1845 by Ellis & Mitchell and was conducted for many years by the late B. F. Mitchell. The business was later made the B. F. Mitchell Co., the present owner, Mr. Chas. J. Mitchell, conducting it with his father until the death of the latter, since which time he has carried it on with success. The new building will house one of the oldest business houses in the city and the firm is to be congratulated upon its exceeding good fortune in being able to secure quarters large enough so near the location where the business has been so long and so successfully carried on.

BIG DAMAGE SUIT STARTED

James Hunter, Colored, Brings Action Against Dansforth Construction Co.—Hurt at Waterworks Pumping Station.

James Hunter, colored, through his attorneys, yesterday instituted in Superior Court here a civil action against the Dansforth Construction Company, contractors for a certain portion of the work at the pumping station in connection with the rehabilitation and re-construction of the Wilmington waterworks system.

While complaint has not yet been filed, it is understood that the plaintiff will seek to recover about $10,000 for injuries alleged to have been sustained while employed by the company in an excavation some weeks ago. From what could be learned yesterday the company was doing some excavation work at Hilton and Hunter was employed at the bottom of the pit. The material was being removed from the excavation by means of buckets suspended from ropes and operated by machinery. The buckets were let down into the excavation and when about six or eight feet from the bottom of the pit a man in charge of lowering the buckets would call to the man below to "look ahead," meaning for him to look out for the bucket which was ready to be received. It was then the duty of the man in the pit to catch hold of the bucket and swing it to the side of the excavation he desired to use it. Then he fastened his end of the rope to a bucket which had been filled while the other was being drawn up, emptied and sent down. The plaintiff, it is understood, will contend that one of these buckets became unfastened from the rope and struck him on the back of the head, pinning him to the ground and injuring his spinal column to such extent that he has since been paralyzed from his neck down. The plaintiff will contend that he is permanently injured through the negligence of the defendant company. Wm. J. Bellamy, Esq., and Messrs. Rountree & Carr represent the plaintiff.

FRECKLES

October the Month to Get Rid of These Ugly Spots.

Now that the Summer is over, the woman with tender skin finds her face covered with ugly freckles and she fears that she has ruined her complexion.

Fortunately for her peace of mind, the recent discovery of a new drug, Othine—double strength, makes it possible to have a skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine will remove them. Get an ounce package from J. Hicks Bunting Drug Co., and banish the freckles.

Money back if it fails.

Theatrical

To an audience that jammed every nook and crevice of the Academy of Music Starkey's Players opened their week's engagement last night. The audience was one of the largest of the season. It was also a very delighted audience, and the company, which is really a stock organization, having played for many weeks in Montgomery and then in Augusta, was pronounced one of the best of its type ever seen in the city. The play last night was "The Little Homestead," and it was given an exceedingly clever presentation, and an abundance of special scenery was used. This is one big feature with the company; something notable for a popular price attraction, that special scenery is carried for the different productions. The cast did excellent work in the bill and the different members came in for hearty commendation. The vaudeville was bright and snappy. The Carleton Sisters appeared in a refined sketch, that immensely pleased, and Mr. W. C. Davis, a clever comedian, presented a crisp, laughable skit, while Baby Hope, a dainty little miss, proved a delightful treat for the audience.

Tonight the company will be seen in one of its very strongest bills, "Lena Rivers," and the production will be made with special scenery and effects. The story of "Lena Rivers" is well known and it is said that the drama is, if anything, much stronger. Popualr prices will prevail throughout the engagement and seats tonight are on sale at Plummer's.

A Famed Tenor.

Domenico Russo, the Italian tenor with the Aborn English Grand Opera Company, seems almost as much an American as an Italian, for he has been singing on this side of the Atlantic for more than a decade. His first trip over was to South America more than ten years ago, and he had sung there for two seasons before ne ever came to North America. His first appearance on this continent was at Mexico City, and his first in the United States was in San Francisco, in which city he appeared at the Tivoli Opera House, where Californians claim the patrons get a better grade of grand opera, supported by Western

DOMENICO RUSSO.
Famous Tenor With Aborn English Grand Opera Co.

millionaires, than can be had in New York. Tetrazzini, the greatest coloratura soprano in the world, also made er first appearance in America at the Tivoli, and Sig. Russo sang opposite to her there before Hammerstein brought her to New York via Italy. Sig. Russo sang in English for the first time in his life last year with the Aborn organization, after which he went with Hammerstein's French Opera Comique Company, returning to the Aborn fold last spring. At the Academy of Music Tuesday night, October 25th, he will be heard as Manrico in "Il Trovatore."

At the Crystal Palace.

The Crystal Palace this week is offering a very pleasing bill and the programme of yesterday will probably be considerably strengthened today by the arrival of one or two additional performers. Miss Gibson, the soubrette, and the Great Stanley entertained the crowds yesterday and some of their work was especially pleasing to the audiences. Mr. Stanley is the man who offers $100 reward for the person who succeeds in making him laugh. Two reels of motion pictures are shown at each performance.

At Joyland.

Two big feature films will be shown at this popular amusement resort today, the pictures being entitled, "The Latch Key," a very laughable comedy drama, and a beautiful story of every day life will be seen in "Between Duty and Honor." Some improvements are contemplated in the arrangement of the interior of the theatre which will give it a seating capacity of several hundred.

At The Bijou.

"A Miscalculation," a farcial comedy, portraying the adventures of an astronomer, who anticipated that Halley's comet would end the world, "Little Angels of Luck," showing how a man is saved from ruin with the children's help, an excellent Biograph subject, are the titles of the pictures which will be shown at the Bijou theatre today.

A CONUNDRUM

Why do people who do not eat pork as meat continue to use it in the form of lard? Lard is just as indigestible as pork. In a recent article on cooking fats, Dr. Paige Emery, the eminent specialist, writes as follows:

"The healthful and economical solution of the cooking fat problem is the use of Cottolene. Cottolene is purely a vegetable product, is easily assimilated, and aids digestion. Dietetic experiments have shown conclusively that when a vegetable oil is used in cooking in preference to animal fat, it is more easily assimilated and yields far more nourishment to the body."

Cottolene is not only wholesome; it is economical as well, one-third less being required.

Every housewife "in business"—is a buyer of home supplies—and should watch for buying opportunities as closely as though she were buying to sell again.

SHOE MAKING FACTS

No. 1

CRADDOCK
Soles — Counters — Heels

The life of any shoe depends on the integrity of the outer sole, the inner sole, the counter and the heel. No matter how handsome a shoe looks on the outside, or how well it feels on the foot—if the vitals are cheapened the whole shoe is weakened.

Right here is where many makers economize. No one can see the insole—no one can see the counter—no one can see any of the heel but the top lift—so they substitute a soft, spongy, flank leather for the insole and maybe use a counter made of canvas stiffened with glue and scraps of leather for the heel.

If there's any one virtue about the Craddock Shoe that is more pronounced than any other—it is the foundation. We have spared nothing to get the best. The sole (4) is the first grade of old method tanned steer's hide. The insole (5) is a slightly lighter piece of the same stock, selected for smoothness, pliability and toughness. Craddock counters (3) are cut fro stout grain leather; each is a single piece. Craddock heels are solid all through. The top lift alone costs more than the whole heel of some shoes of equal price.

We've made every vital part strong. How we carefully cut and fit the vamps and tops of firm, fine leather is another story.

The Craddock dealer in your town will tell you all about it. We shall tell it in type shortly. Watch for it.

FINANCIAL and COMMERCIAL

IRREGULAR DAY FOR COTTON

Market Was Nervous and Unsettled With Sharp Early Break—Closed Ten Points Decline—General Conditions.

New York, Oct. 17.—The cotton market was nervous and unsettled today and while a sharp early break was recovered during the middle of the day prices weakened again, selling into new low ground in the late trading and closing easy at a net loss of from 25 to 30 points.

The market opened easy at a decline of 9 to 17 points in response to disappointment in cables and then sold off to a net loss of 21 to 27 points under heavy realizing and aggressive bear pressure which appeared to be inspired by talk of a less urgent demand for spots and of increasing crop estimates as a result of recently favorable weather in the South. The weather may showed no cold snap of consequence for the coming week, and the absence of killing frost so far, appears to have made a bearish impression on sentiment.

Nevertheless, there was a big demand on the early decline, and when weather advices were received indicating that the belt was menaced by two West Indian storms, one of which was said to be heading toward the South Atlantic coast, and the other for the Central Gulf coast, the market firmed up to practically the closing figures of Saturday. Demand did not broaden on this advance, however, and later in the afternoon the market weakened under a renewed bear pressure and liquidation following reports of lower Southern spot markets and private wires to New Orleans claiming that exporters were finding some difficulty in financing bills of lading. The close was within a point or two of the lowest.

Southern spot markets officially reported early were generally 1-8 to 1-4c lower. Exports reported today were very heavy, but several private wires were received claiming that there has been a falling off in the demand from the interior.

Receipts at the ports today 100,867 bales against 72,633 last week and 89,993 last year; for the week 400,000 bales against 405,117 last week and 448,254 last year. Today's receipts at New Orleans 9,241 bales against 8,331 last year and at Houston 35,672 bales against 24,498 last year.

Spot cotton closed quiet. 10 points decline; middling uplands 14.89; middling gulf 15.05; sales 3,592 bales. Futures opened and closed easy.

Str. Whitlock—11 casks spirits turpentine; 34 barrels rosin; 21 barrels crude turpentine.

Total 4,829 bales cotton; 40 casks spirits turpentine; 50 barrels rosin; 13 barrels tar; 51 barrels crude turpentine.

THE PRODUCE MARKET.

New York, Oct. 17.—Flour easy.

Rye Flour and Buckwheat Flour—Steady.

Buckwheat—Quiet.

Cornmeal—Barely steady.

Rye—Steady.

Wheat—Spot weak; No. 2 red 99 elevator and 99 1-4 f.o.b. afloat. Futures closed 5-8 to 3-4c net lower. December 1.01 7-8; May 1.06 1-2.

Corn—Weak; No. 2. 56 1-2 elevator, omestic basis to arrive and afloat. Futures closed 1 1-8 to 1 1-2 decline. December 54 1-2; May 56 1-2.

Oats—Weak; standard white 36. Futures closed 1 1-8 to 1 1-2 net lower. October 35 1-2; December 36; May 38 3-8.

Beef and Petroleum—Steady.

Lard—Easy.

Tallow—Quiet.

Sugar—Raw steady; Refined—Quiet.

Coffee—Futures closed barely steady at a net loss of 14 to 15 points. Spot coffee quiet; Rio No. 7, 10 7-8; Santos No. 4, 11 1-2 to 11 5-8. Mild—Quiet; Cordova 11 1-4 to 13 3-4.

Butter—Steady; creamery specials 32; extras 30 1-2 to 31; third to first 27 to 24; held second to special 25 to 32; State dairy common to finest 23 to 29 1-2.

Cheese—Steady; State whole milk specials 15 1-2 to 17; do average fancy, small colored 15 1-4; do small white 15; do average, fancy 15 1-4.

Eggs—Steady; State, Pennsylvania and nearby hennery white 40 to 42; do gathered white 33 to 38; do hennery brown 34 to 35; do gathered brown 31; fresh gathered extra first 28 1-2

Potatoes—Firm; Maine per bag 1.00 to 1.65; State per barrel 1.50 to 1.75; Long Island, per bag, 1.50 to 2.00; Jersey per bag 1.50 to 1.85; Southern sweets per barrel 1.00 to 1.50; Jersey per barrel 1.50 to 1.85.

Cabbages—Firm, per ton 7.00 to 10.00.

Peanuts—Steady; fancy handpicked Virginia 4 1-2 to 5; Virginia shelled Nos. 1 and 2, 4 1-2 to 6 1-4.

Freights to Liverpool—Steady; cotton 20c; grain to London 2d.

Cotton Seed Oil—Irregular with the near positions firm owing to the light supplies while the distant months were barely steady on larger offerings of crude. At the close futures were six points higher to nine points lower. October 8.47 to 8.50; November 7.49 to 7.50; December 7.33 to 7.35; January 7.35 to 7.40; February 7.40 to .42; prime crude prompt 6.27; prime summer yellow 8.49; prime winter yellow 8.55 to 1.00; prime summer white 8.60 to 12.00.

WILMINGTON MARKETS

STAR OFFICE, Oct. 17.

SPIRITS TURPENTINE—Steady, 73½ cents.

ROSIN—Steady, $5.45 per barrel of 280 pounds.

TAR—Firm, $2.60 per barrel.

CRUDE TURPENTINE—Market firm $4.50 per barrel for hard; $6.00 for dip and $6.00 for virgin.

Quotations same day last year—Spirits trpentine firm 57; rosin, nothing doing; tar, steady, $1.80; crude turpentine firm, $2.50, $4.00 and $4.50.

RECEIPTS

Spirits Turpentine	40
Rosin	50
Tar	13
Crude Turpentine	51

Receipts, same day last year, 24 casks spirits turpentine; 125 barrels rosin; 56 barrels of tar; 52 barrels of crude turpentine.

COTTON MARKET

Market, quiet; 14¾c for middling.

Same day last year, 13⅝ cents.

Receipts, 4,839 bales; same day last year, 6,413 bales.

PRODUCE MARKET.

(Quoted by W. J. Meredith, Oct. 15th.)

PEANUTS—Virginias, extra prime 70 cents, fancy 75 cents. Spanish from $1.05 to $1.15 cents. North Carolina, No. 1, 90 to 95 cents per bushel. New crop.

CORN—Firm 85 to 90 per bushel.

N. C. HAMS—Good demand; hams 20; shoulders, 16 cents and side 17c.

EGGS—Good demand 25 cents.

CHICKENS—Spring 15 and 30; grown, 45 and 50, scarce.

BEESWAX—Firm 27c.

TALLOW—Firm at 4 1-2 to 5c per pound.

SWEET POTATOES—Firm at 65 and 70 cents per bushel.

HIDES—Dr. flint 13c; green 7c per pound

WOOL—Burr 12 to 15c; free of burr 18 to 20c.

GEESE—60 cents per head.

PORK—10 to 11 cents net.

SHEEP—Grown $1.00 to $2.50.

LAMBS—Good demand $1.50 to $3.00.

PEAS—Out of Season.

IRISH POTATOES—New crop 90c to $1.00, dull.

DRY GOODS MARKET.

New York, Oct. 17.—The staple cotton goods market continues strong. Alabama plaids and tickings have been advanced 1-4 and 1-2c. a yard. Gray goods are stronger and higher. Yarns are firm and in more active inquiry. Dress goods rule quiet.

It's the World's Best

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sole eyes, cold sores, chapped hands or sprains, it's supreme. Infallible for piles. Only 25c at Robert R. Bellamy's.

MORE FAVORABLE FOR STOCKS

Speculative Advance of Last Week is Renewed—Periods of Hesitation and Irregularity—Strength on Market.

New York, Oct. 17.—Last week's speculative advance in the stock market was carried forward into the new week today in a manner to impress sentiment with the power and resources embarked in the movement and the strength of the convictions on which it was based. Realizing sales were very heavy.

The power of absorption manifested by the market kept alive speculative confidence and lessened the inclination to sell out. The consequence was an occasional upward movement after various periods of hesitation and irregularity. Before the end of the day however, realizing carried back the leaders a point or more from the highest prices.

The most important addition to the general causes accountable for the recovery in stocks was the publication since Saturday of the statistics of the country's foreign trade for September. The showing warranted the hope that the corner had been definitely turned by the disappearance of the disquieting excess value of imports over exports which has deprived the money market for supplies. The small excess of import values which had resulted from the varying operations of the first eight months of the calendar year is transformed by the results of the single month of September, which piled a favorable trade balance of $51,587,079. The significance of the showing was somewhat marred by the large part played by the record exports of cotton in making the result.

The general assumption remained unshaken that foremost private banking house was the prinicpal influence in furthering the rise in prices. This assumption includes that of a widespread market organization and fostering and protecting measures for the money market as well as the movement of stock prices, especially United States steel. The stock again absorbed practically one-quarter of the total dealings, keeping up the ratio covered by the whole of last week's transactions.

Time money rates were firmer in New York and the private discount rates rose in London. The call money market here was easier with the passing of Saturday's dividend requirements.

Funds were irregular. Total sales par value $3,486,000. United States bonds were unchanged on call. Total sales stocks today 983,800 shares.

THE GRAIN MARKET.

Chicago, October 17.—Rains in Argentina and an unexpected increase of the visible supply in the United States and Canada gave a long downward swing to the wheat market today. The close was at a net loss of 7-8 to 1 1-8 to 1 1-2c. Latest figures for corn were 1 to 1 to 1-18c, down with oats off 1-2 to 3-4c. Provisions finished all the way from 12 1-2c up to 17 1-2 to 20c decline.

Wheat—No. 2 red, 95 1-4 to 96 1-2; No. 3 do. 90 to 94; No. 2 hard, 95 to 99; No. 3 do. 94 to 96; No. 1 northern, 1.08 to 1.10; No. 2 do 1.04 to 1.07 1-2; No. 3 do, 1.01 to 1.06; No. 2 spring, 99 to 1.07; No. 3 do, 97 to 1.06; velvet chaff 90 to 1.01; durum, 82 to 92.

Corn—No. 2, 48 to 1-4; No. 2 white, 48 1-4 to 3-4; No. 2 yellow, 48 1-2 to 3-4; No. 3, 47 3-4 to 48; No. 4, 47 1-4 to 3-4; No. 4 white and No. 4 yellow, 47 1-2 to 48 1-4.

COTTON MARKET WAS WEAK.

Liverpool Surprise the Trade—Weather is Favorable.

(Special Star Telegram.)

New York, Oct. 17.—A weak market in Liverpool came as a surprise to the trade this morning and has been followed by continued selling here for Southern and Western account. There has been more hedge selling today than for the last fortnight for Southern account, showing that the movement of the crop exceeded the demand from spinners at the moment.

At the opening, the brokers, who have been identified with the recent advance were very large buyers, so the market turned quickly on the report of another storm, which might go through the cotton fields. On this advance the South turned heavy sellers, closing the market steady at the lowest prices, some 30 points below last evening. Weather condition continues favorable with no frost in sight for the next four or five days. Liverpool should be three points lower tomorrow. HUBBARD BROS. & CO.

THE FINANCIAL MARKET.

New York, Oct. 17.—Prime mercantile paper 5 1-2 to 6 per cent. Sterling exchange steady with actual business in bankers bills at 4.8279 to .89 for sixty day bills and at 4.8605 for demand. Commercial bills 4.82 1-4 to 5-8. Bar silver 54 3-8. Mexican dollars 45.

Money on call steady 2 3-4 to 3 1-2 per cent., ruling rate 3 1-2; closing bid 2 3-4, offered at 3. Total loans firm; sixty day 4 1-2 to 4 3-4 per cent., and ninety days 4 3-4 to 5; six months 4 5-8 to 3-4.

Reaching the Top.

in any calling of life, demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from kidney trouble," writes W. M. Sherman, of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c at Robert R. Bellamy's.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

PEANUT MARKET.

(Reported by Rodgers, McCabe & Co.)

SPANISH—Market firmer sales made today at $1.35 per bushel. Old stock virtually exhausted. Weather conditions remain unfavorable for harvesting new crop, $1.50 per bushel being offered freely for new goods. None offering.

VIRGINIAS—Market weak with few sales. Fancy farmers' stock, 5 to 5 1-4c; machine picked stock, 2 1-2 to 2 3-4c; shelling stock, 2c to 2 1-2c.

NAVAL STORES.

Kenansville Association in Session at Chinquepin, Duplin County.

(Special Star Correspondence.)

Chinquepin, Oct. 13.—The Kenansville Baptist Association, colored, was called to order at 9:30 A. M. by Dr. Geo. W. Moore, the moderator, with all the official brethren present. At 7:30 last night Rev. A. D. Carr, of Faison, preached the introductory sermon to a large audience. After the sermon Dr. C. S. Brown, who is visiting the Association and churches throughout the State, made a fine address. The congregation listened to him with almost breathless attention for 30 minutes. Thus far there are 156 delegates representing 52 churches. They are enthusiastic and there is a rush in the effort to raise $1,000 for the Faison High School by the close of the meeting. After the financial rally is over for the morning session the moderator with the sense of the Association, made it a special order for the day to hear Dr. C. C. Somerville, of Portsmouth, Va. Rev. J. R. Coel, of Wilmington, preached to end day's work draws to a close wit a very large congregation. The sec an increased delegation. At the night session Rev. J. T. Deans, of Warsaw, preached the sermon. The financial rally closed today with $520 dollars raised.

BIG EVENT AT BELMONT.

Will be First Cathedral Abbey in America—Exercises.

Charlotte, N. C., Oct. 17.—The official promulgation of the recent decree of Pope Pius X. erecting Belmont Abbey into the first and only Cathedral Abbey in America, began in a measure today at noon, upon the arrival of Monsignor Diomede Falconio, D. D., papal delegate to the United States, at Belmont. He was accompanied by Right Rev. Owen Corrigan, D. D., bishop of Baltimore, and very Rev. Father Edward, O. S. B., prior of St. Mary's at Richmond, Va. An informal reception was tendered the visitors at Sacred Heart College.

An interesting feature was the gathering on the grounds of the institution of the students of the various schools in connection with the abey. The grounds and buildings were elaborately decorated.

Hundreds of priests of the Catholic church and many distinguished men have arrived to take part in the exercises.

Among the visitors who paid respects to Bishop Leo Haid, Abbot of Belmont Abbey today, was United States Senator F. A. Simmons, of North Carolina.

NO REASON FOR IT

When Wilmington Citizens Show the Certain Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes of any kidney ills when relief is so near at hand and the most positive proof given that they can be cured. Read what a Wilmington citizen, says:

Mrs. M. E. Bordeaux, 510 S. Second street Wilmington, N. C., says: "I can recommend Doan's Kidney Pills. as I used them with good results. I had dull pains through my back and some days they were so severe that I could hardly get about to do my housework. Added to this was a difficulty with the kidney secretions, which caused me a great deal of annoyance. The contents of one box of Doan's Kidney Pills, procured from Robert R. Bellamy's Drug Store, stopped the backache and also disposed of the kidney weakness."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ATHLETICS TAKE FIRST BIG GAME

(Continued on Page Eight.)

Thomas drew four balls and "Chief" Bender came up. The Indian, who is a good hitting pitcher, sent a single to center and Murphy scored the second run. Strunk flied to Sheckard.

The Cubs went out in one, two, three order in their half of the third, but the Athletics added another run to their total in their turn at bat. Lord opened with a two-base hit to center, went to third on Collins' sacrifice and came home on Baker's second hit, a single to left. Davis struck out.

In the next inning Schulte got to first on balls and was out stealing second, to the great delight of the crowd. The other two batters were easy outs.

When the Philadelphians came to bat they found a new pitcher in the box. Overall in his three innings had been touched up for six hits for a total of eight bases. McIntyre, the newcomer, showed excellent form. Murphy, the first man to face him, went out on a grounder to Tinker. Barry also fell an easy victim and Thomas struck out. It was the first inning that the local men did not get a hit.

The fifth, sixth and seventh innings passed without anything sensational occurring. Both Bender and McIntyre were working in championship form and not a man on either team saw second base. But in the eighth, the Amercans added another to their score. Strunck and Lord, the first two men up, failed to reach first, but Collins was given a base on balls. Collins, who is the champion base stealer of the American League, seemed to worry McIntyre as he took a long lead off first base. Twice the Chicago pitcher shot the ball to Capt. Chance to catch the fleet-footed Collins and on the second throw almost had him. Then McIntyre tried again and this time he threw wild and the ball rolled to the bleachers. Collins was off in an instant and did not stop until he reached third. He scored a moment later on Baker's hard drive to the right field wall for two bases. Davis' hit to McIntyre and was thrown out at first.

The ninth inning was the most exciting of the entire game. As Bender walked onto the field the crowd called on him to shut out the Nationals, but it was doomed to disappointment. Tinker, the first man up, hit to center field for a single and took second when Strunk fumbled the ball. Kling singled and Tinker scored. With one run in and one man on base and no one out, the crowd became anxious, but the cool Indian did not waver. Beaumont was sent in to bat for McIntyre and the best he could do was to send a weak grounder to Collins, who tossed him out. Sheckard struck out amid tremendous cheering. Schulte drew his second base on balls and then up came Hofman, always a dangerous man at bat. With two on the bases a home run over the fence would tie the score, but Bender, still calm, tightened up and the fast center fielder sent a grounder to Baker. The latter stepped on third and Kane, who was running for Kling, was forced out, ending the game.

The official score:

The Tabulated Score:

Chicago	AB.	R.	1B.	PO.	A.	E.

Innings:
Chicago ..... 000 000 001—1
Philadelphia ..... 021 000 01x—4

Summary: Two base hits, Baker, 2; Lord. Pitching record: Hits, off Overall, 6 in 3 innings; off McIntire, 1 in 5 innings. Sacrifice hits: Davis, Collins. Stolen base, Murphy. Left on bases, Chicago, 2; Philadelphia, 4. First base on balls, off Overall, 1, (Thomas); off McIntire, 3, (Strunk, Thomas, Collins); off Bender, 2 (Schulte, 2). Struckout by Overall 1, (Davis); by McIntire, 3, (Felt, Bender, Schulte). Time, 1:54. Umpires, Connolly, O'Day, Sheridan and Rigler.

Ohio Series Tied Up.

Cleveland, Oct. 17.—In a heavy hitting game Cleveland defeated Cincinnati today 9 to 5, tying up the series for the championship of Ohio. Each team has won three games and the deciding game will be played at Cincinnati tomorrow. Cincinnati used five pitchers, including Manager Griffith, who signalized his return to active box work by retiring Jackson, LaJoie and Birmingham on five pitched balls.

Cleveland .....003 050 10x—9 14 2
Cincinnati .....020 100 200—5 11 2

Blanding and Adams; Fromme, Burns, Beebe, Rowan, Griffith and McLean; time 1:55; umpires O'Loughlin and Brennan; attendance 2,977.

Giants and Highlanders.

New York, Oct. 17.—The Giants and Highlanders battled ten innings today and when darkness stopped the see-saw conflict the score stood 5 to 5. Sparkling plays time and again saved the game for both teams, a one-hand catch of Devore spoiling a home run for Cree with two men on bases. Ford the Highlanders' star slabman, came to grief in the seventh inning when the Giants touched up his delivery for extra base drives, scoring two runs. The post-season games stand Giants two won; Highlanders one won and one tie game.

Giants .....010 010 2010—5 13 5
Highlanders ...010 001 0300—5 6 2

Crandall, Ames and Myers and Wilson; Ford, Hughes, Warhop and Mitchell; time 2:24; umpires Evans and Klem.

Five Years Old!

This bank was opened for business five years ago. In that time it has paid its stockholders fifty eight thousand dollars in Dividends, and now has fifty five thousand dollars undivided profits in addition to its original surplus of One Hundred Thousand Dollars. The total capital, surplus and net profits now amount to Three Hundred and Fifty-Five Thousand Dollars. Part of its assets are made up of

$200,000.00 United States Bonds.
$138,000.00 North Carolina Bonds.
$35,000.00 School Bonds.
$20,000.00 R. Road Bonds.

SOUTHERN NATIONAL BANK

oct. 7-tf.

FLORIDA IN GRIP OF A HURRICANE

(Continued from Page 1.)

away by the storm. It was estimated that the maximum velocity had reached, at a late hour, 80 miles per hour while the hurricane winds have been confined to the Cuban waters, southern Florida, high winds have prevailed as far north as Jacksonville and high tides and heavy seas well in the Gulf of Mexico, as far west as Galveston. Hurricane warnings have been displayed over the entire Florida peninsular and thence northward on the Atlantic coast to Elizabeth City, N. C., and emergency warnings have been issued to the various stations in Florida to adopt every means of saving life and property. Moreover, storm warnings are displayed on the gulf coast west of Apalachicola to and including Louisiana and on the Atlantic coast at the various stations from Hatteras northward to the Delaware capes.

Shipping interests have been fully advised of the progress of this dangerous storm beginning with Thursday, last.

Savannah, Ga., Oct. 17.—Instructions to change the northeast storm warnings to hurricane were received at Savannah at 10 o'clock tonight. The tropical storm was reported central in the East Gulf between Key West and Tampa. For the first time since the system was inaugurated here nearly a year ago, the hurricane rockets were fired from the weather bureau tower upon receipt of the warnings.

Last Word From Key West.

Tampa, Fla., Oct. 17.—With the barometer falling rapidly and wind now 30 miles an hour and increasing rapidly Tampa and entire territory 500 miles in width is threatened with one of the most destructive storms in a decade.

Telephone communication with Egmont Key at the mouth of Hillsboro Bay was cut off at 4 o'clock. Wind was rapidly increasing at that time. Local shipping is entirely tied up.

A brief message from Punta Gorda at 4:30 reports a gale there, but so far no damage has been done. It is accompanied by torrential rains.

Judging from the present curature of the storm local forecaster Wurtz is of the opinion that the disturbance will pass slightly to the southward of Tampa. In this event it will sweep across the northern portion of the Everglades and strike the east coast. He believes, however, that much of its force will be spent before it reaches the east coast.

Jacksonville, Fla., Oct. 17.—At 7:21 tonight the Western Union Telegraph Company reported wire communication with Key West entirely cut off on account of the storm.

MR. GODWIN PLEASED.

Returns From Fine Campaign in Bladen and Columbus.

(Special Star Correspondence.)

Dunn, N. C., Oct. 17.—Congressman H. L. Godwin has just returned from a week's campaigning in Bladen and Columbus counties. He reports large crowds at each appointment and says that political conditions in all the sections visited by him are indeed satisfactory. He was with the county candidates in Bladen county, and found them in fine spirit, and positive of increasing the majority in that county this year. He also spent three days in Columbus, accompanied by Hon. J. A. Brown, who is a candidate for the Senate. Both Mr. Godwin and Mr. Brown made two speeches a day to large crowds, and it is understood that Columbus will make decided Democratic gains over her majority two years ago.

Mr. Godwin leaves today for Cumberland and Robeson counties, where he will spend the week. This will take him up to the time of beginning the joint debate with Mr. Meares, the Republican candidate, against him. The joint canvass will begin at Lillington next Monday, the 24th, at 11 o'clock; they will go from there to Fayetteville, where they will speak the 25th at 1 o'clock; they will be at Maxton at night of the same day.

Forced to Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the King of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, Lagrippe, Asthma, Croup—all Throat and Lung troubles. 50c and $1.00. Trial bottle free at Robert R. Bellamys'

STAR BUSINESS LOCALS

Advertisements inserted under this head one cent per word for each insertion but no advertisement taken for less than 25c. Additional words, more than 25, one cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amount being too small to warrant a charge. The Star will send without charge, A. D. T. (Western Union) Messenger to any address in the city for advertisements in this department upon request by 'Phone to No. 51. A. D. T. Messenger will also call for telegrams for the Western Union Telegraph Co., or for notes or small packages to be delivered anywhere in the city. No charge for the telegrams but a small charge for strictly A. D. T. calls or telephone subscribers may at any time telephone their telegrams, bills rendered to suit the sender, daily, weekly or monthly. For this service call Western Union, 'Phone No. 2. But for advertisements always call the Star office No. 51. Copy for Business Locals cannot be taken over the telephone but upon request Messenger will be dispatched to any part of the city for them.
